Johnson,2019-12-13 Point of Sale offers the first significant attempt to center media retail as a vital component in the study of popular culture It brings together fifteen essays by top media scholars with their fingers on the pulse of both the changes that foreground retail in a digital age and the history that has made retail a fundamental part of the culture industries The book reveals why retail matters as a site of transactional significance to industries as well as a crucial locus of meaning and interactional participation for consumers In addition to examining how industries connect books DVDs video games lifestyle products toys and more to consumers it also interrogates the changes in media circulation driven by the collision of digital platforms with existing retail institutions By grappling with the contexts in which we buy media Point of Sale uncovers the underlying tensions that define the contemporary culture industries Current Pediatric Therapy Sydney S. Kagan,1982 Presents practical practice enhancing tools including pre diagnosis management information for the initial treatment and relief of symptoms The Intersection of Food and Public Health A. Bryce Hoflund,John C. Jones,Michelle C. Pautz,2017-09-13 Presently ideas about food are in flux from a variety of sources Examples of this evolution include recognizing the importance of food on health by public health and medical professionals changing consumer desires around the production methods and components of their food a greater focus on injustices within the national food system evolving knowledge of how the food system impacts the environment and shifting economic and technological realities that underpin where and how food is produced distributed and sold These shifting ideas about food exist in contrast to the narrative of the highly functioning industrialized global food system that emerged in the second half of the 20th century This edited volume fills a void by presenting a comprehensive and engaging coverage of the key issues at the intersection of public health policy and food The Intersection of Food and Public Health is comprised of research that examines current problems in food studies and how various stakeholders are attempting to address problems in unique ways The book will be of interest to undergraduate and graduate students in a variety of disciplines including public administration public policy public health economics political science nutrition dietetics and food studies **Journal of the American Dietetic Association** ,2001
