**Proceedings of 12th World Congress on Genetics Applied to Livestock Production (WCGALP)** R.F. Veerkamp, Y. Haas, 2022-12-31 The proceedings of the 12th World Congress on Genetics Applied to Livestock Production provide you with 816 papers representing the leading research in livestock genetics around the globe. This book covers all aspects of genetics applied to livestock production in 44 sections. Next to the exciting plenary speakers and the recurrent technical and species orientated sections there are sections focusing on specific challenges for animal breeding. For instance large scale phenotyping of individual animals, use of whole genome sequence data and improving genomic prediction and sessions on the contribution that genetics can make to societal challenges like animal welfare, climate change, biodiversity or control of infectious diseases.

[Passive Income Mastery: 20 Proven Strategies To Build Wealth In 2026](#) Barack A. Bender, 2025-12-28  
The future belongs to those who earn money even when they're not working and in 2026 passive income is no longer optional. It's essential. Passive Income Mastery is your practical roadmap to building wealth that grows quietly, consistently, and intelligently in a world driven by automation and smart systems. Have you ever felt trapped trading time for money? Do you worry about what happens if your income stops tomorrow? What would change in your life if your bills were paid whether you were working or not? This book begins with a simple truth: financial freedom isn't about working harder; it's about building smarter systems. Barack A. Bender takes you behind the scenes of modern wealth creation, telling the story of everyday people who started with limited capital, busy schedules, and big doubts, yet built income streams that now run in the background of their lives. Through clear explanations, real-world examples, and future-ready strategies, you'll see how passive income is built step by step, not overnight and not by luck. This isn't theory or hype. It's a carefully structured playbook designed for the realities of 2026 where technology, automation, and strategic thinking separate those who struggle from those who thrive. Why this book is a powerful asset to own: With Passive Income Mastery, you'll gain clarity on what passive income really is and what it isn't. Proven strategies that work in today's tech-driven economy. Confidence to build income streams without burning out. A long-term mindset focused on freedom, security, and growth. What this book is designed to help you achieve: Inside, you'll learn how to create multiple automated income streams, reduce financial stress and dependency on a single paycheck, use technology and systems to scale income intelligently, build wealth that compounds over time, design a lifestyle where money supports your life, not controls it. Here's a small spoiler: the most powerful passive income strategy isn't the one that pays fastest; it's the one that survives change. This book shows you how to build income that lasts. But is this really for me? No, large capital. Several strategies are designed to start small and scale. No technical background. Everything is explained in simple, practical terms. Afraid of scams or false promises? This book focuses on sustainable, proven models, not shortcuts. Short on time? These strategies are built to work for you, not demand constant attention. Whether you're an employee seeking security, an entrepreneur looking to diversify, or someone planning for long-term freedom, this book meets you exactly where you are and

shows you the next step forward A perfect gift for Ambitious professionals and entrepreneurs Anyone tired of living paycheck to paycheck Young adults planning their financial future Parents building generational wealth Friends and family serious about financial freedom Your income should work as hard as you do if not harder Get Passive Income Mastery today and start building automated income streams that create freedom security and lasting wealth well beyond 2026

**Cooperative Enterprises in Australia and Italy** Anthony Jensen, Greg Patmore, Ermanno Tortia, 2015-12-18 This book arises from a three year comparative research program concerning co operative enterprises in Australia and Italy The book explores the historical development legal framework and the peak organisations of co operatives in the two countries Specific comparative chapters focus on consumer credit and worker producer co operatives The book deepens the analysis of co operatives by containing chapters that examine specific theoretical and empirical issues such as the theory of co operative firms as collective entrepreneurial action Monographic chapters include more in depth analysis of specific typologies of co operatives such as social and community oriented co operatives some of which were created to contrast organized crime in Southern Italy The book concludes with an assessment of the implications of the project for public policy
