This really is the go to publication if you need to compare your Vivas, Victoras, Ventoras or Viceroy's. Breaking down the many models into several chapters this is a trip down memory lane for any postwar car enthusiast. Comprehensively illustrated the book includes line drawings black and white plus colour period photographs together with interior detail. All models are covered along with sports derivatives, limited editions, vans, estates and coupes. It includes a section on motor sport achievements and TV movie appearances. Contemporary factory advertising slogans used is key throughout. Complimenting the historical content technical specifications, key production changes and build figures are also detailed. Trevor Alder has been driving Vauxhalls and Opels for many years and has previously written and compiled several Vauxhall Opel publications from his massive self indexed magazine archive.
