**THE GREATEST** LAWRENCE BARNETT JR.,2010-02-17 The world of sports is my escape from the day to day cold hard reality that is my life people must understand that my life is full of obstacle and it takes a lot of effort just to get started sometimes sports get me going like nothing else in my life it is my passion When I am watching football or basketball I am in the zone my zone A lot of sports break down various sports because it is their job but I do it because I really really really love my sports People must realize that there is a whole world of sports outside of what we see on T V I am talking about those athletes that are not in the spotlight like Lebron Kobe or Peyton I am talking about the athletes like me the ones living with disability These people are fighting a double battle because they deal with their physical situation just to do something that they all love just to have some kind of outlet and still we get little of no attention for any of our accomplishments It is like I said before people don t care about the handicap I should say that some do but most don t As for me I will keep doing what I m doing until someone somewhere pays attention Sports gives me and others like me this kind of hope that alone is reason enough to love the entire world of sports Just like in the world of sports people must stop ignoring and underestimating the underdog in the game of life because the very ones that you count out could be the ones that make the biggest impact As you can see this thing called sports runs deeper than what everyone wants to realize it makes people like me believe in somebody
