Online Social Research Methods Issues And Ethics Digital Formations V 7:

Online Social Research Mark D. Johns, Shing-Ling Chen, G. Jon Hall, 2004 *Online Social Research Methods Issues and Ethics* is a collection of essays by veteran online researchers who provide testimonial illustrations as to how traditional research methods may be modified for effective online research as well as identify and discuss the critical issues and dilemmas encountered. The former serves as a resource for teachers, students, and researchers who utilize online environments for information gathering. The latter is designed to stimulate ongoing debates and creative ideas about an as yet nonregulated arena of research. *Online Social Research* addresses online research which are practiced in the fields of communication, journalism, sociology, psychology, marketing, education, medicine, as well as related disciplines that may have occasions to utilize surveys, interviews, and observations for information gathering in online environments. Since this book deals with methodological consideration, it is designed as a text for research methods classes as well as a resource for researchers.
