*Advances in Mobile Health Technology* Sinjini Mitra, 2022-11-30 The COVID 19 pandemic upended the lives of many and taught us the critical importance of taking care of one s health and wellness Technological advances coupled with advances in healthcare has enabled the widespread growth of a new area called mobile health or mHealth that has completely revolutionized how people envision healthcare today Just as smartphones and tablet computers are rapidly becoming the dominant consumer computer platforms mHealth technology is emerging as an integral part of consumer health and wellness management regimes The aim of this book is to inform readers about the this relatively modern technology from its history and evolution to the current state of the art research developments and the underlying challenges related to privacy and security issues

The book's intended audience includes individuals interested in learning about mHealth and its contemporary applications from students to researchers and practitioners working in this field. Both undergraduate and graduate students enrolled in college-level healthcare courses will find this book to be an especially useful companion and will be able to discover and explore novel research directions that will further enrich the field.

*Take Control of 1Password, 6th Edition* Joe Kissell, 2024-03-20

Easily create and enter secure passwords on all your devices. Version 6.2 updated March 20, 2024. Annoyed by having to type hard-to-remember passwords? Let 1Password do the heavy lifting. With coverage of 1Password version 8 for Mac, Windows, Linux, iOS, iPadOS, Android, and Apple Watch, author Joe Kissell shows you how to generate and enter secure passwords, speed up your online shopping and share and sync web logins and other confidential data. Wrangling your web passwords can be easy and secure thanks to 1Password, the popular password manager from AgileBits. In this book, Joe Kissell brings years of real-world 1Password experience into play to explain not only how to create, edit, and enter web login data easily but also how to autofill contact and credit card info when shopping online, audit your passwords, and generate better ones. Handle two-factor authentication (2FA), sync data across devices using a hosted 1Password account, individual family or business, and securely share passwords with family members, coworkers, and friends. This fully revised sixth edition covers 1Password version 8 for Mac, Windows, Linux, iOS, iPadOS, Android, and Apple Watch. It does not include instructions for using earlier versions of 1Password.

Topics include:

- Meet 1Password
- Set your master password
- Explore the various 1Password components and decide on your ideal usage strategy
- What's New in Version 8
- 1Password 8 unifies features and interface across platforms and adds important new features but it also includes some controversial changes
- Learn what has changed
- How to migrate from older versions and what new behaviors you must adjust to
- Master logins
- In 1Password, a typical login contains a set of credentials used to sign in to a website
- Find out how to create logins, sort them, search them, tag them, and more
- You'll also find help with editing logins, for example, changing a password or adding further details
- Understand password security
- Get guidance on what makes for a good password and read Joe's important Password Dos and Don'ts
- A special topic covers how to perform a security audit in order to improve poor passwords quickly
- Go beyond web logins
- A primary point of 1Password is to speed up web logins, but 1Password can also store and autofill contact information for more than one identity, even along with credit card information
- You'll also find advice on storing SSH keys, passwords for password-protected files, and encrypted disk images, confidential files, software licenses, scans of important cards or documents, and more
- Sync your passwords
- Discover how a hosted 1Password account can sync all your data securely across your devices
- Share your passwords
- Learn to store passwords within a family or team-hosted account or even with people who don't already use 1Password at all
- You'll also discover the answers to key questions, including: Should I keep using my web browser's autofill feature? What about iCloud Keychain? Should I use that too? Do I need the full 1Password app or is the browser extension enough? How does the Universal Autofill feature for Mac work across browsers and apps? What are passkeys, and

what can 1Password do with them How can 1Password help me with sites where I sign in with my Apple Google or Facebook account What s the easy way to prevent sensitive information from falling into the wrong hands at a border crossing What can I do quickly to get better password security How can I find and update weak passwords I created long ago What should I do about security questions like the name of my pet How can 1Password provide a time based one time password TOTP
