Costco This Week:

Business Week, 2008 **Financial Modeling and Valuation** Paul Pignataro, 2013-06-18 Written by the Founder and CEO of the prestigious New York School of Finance this book schools you in the fundamental tools for accurately assessing the soundness of a stock investment Built around a full length case study of Wal Mart it shows you how to perform an in depth analysis of that company s financial standing walking you through all the steps of developing a sophisticated financial model as done by professional Wall Street analysts You will construct a full scale financial model and valuation step by step as you page through the book When we ran this analysis in January of 2012 we estimated the stock was undervalued Since the first run of the analysis the stock has increased 35 percent Re evaluating Wal Mart 9months later we will step through the techniques utilized by Wall Street analysts to build models on and properly value business entities Step by step financial modeling taught using downloadable Wall Street models you will construct the model step by step as you page through the book Hot keys and explicit Excel instructions aid even the novice excel modeler Model built complete with Income Statement Cash Flow Statement Balance Sheet Balance Sheet Balancing Techniques Depreciation Schedule complete with accelerating depreciation and deferring taxes working capital schedule debt schedule handling circular references and automatic debt pay downs Illustrative concepts including detailing model flows help aid in conceptual understanding Concepts are reiterated and honed perfect for a novice yet detailed enough for a professional Model built direct from Wal Mart public filings searching through notes performing research and illustrating techniques to formulate projections Includes in depth coverage of valuation techniques commonly used by Wall Street professionals Illustrative comparable company analyses built the right way direct from historical financials calculating LTM Last Twelve Month data calendarization and properly smoothing EBITDA and Net Income Precedent transactions analysis detailing how to extract proper metrics from relevant proxy statements Discounted cash flow analysis simplifying and illustrating how a DCF is utilized how unlevered free cash flow is derived and the meaning of weighted average cost of capital WACC Step by step we will come up with a valuation on Wal Mart Chapter end questions practice models additional case studies and common interview questions found in the companion website help solidify the techniques honed in the book ideal for universities or business students looking to break into the investment banking field **Excellence in Business** Courtland L. Bov-CEe, 2005 Real World Micro 15th Edition Daniel Fireside, Smriti Rao, Bryan Snyder, 2008 **Real World Macro 24th Edition** Daniel Fireside, John Miller, Dollars & Sense, 2007-07 Covers macroeconomic basics monetary and fiscal policy productivity and investment inflation and unemployment Includes chapter on major controversies in macroeconomics *Employment Practices Decisions*, 2005

Current Economic Issues, Tenth Edition Dollars & Sense, 2006-04 The economic news of the last several years has been remarkable from the collapse of the new economy to the buildup of a war economy ballooning house prices and proposals to privatize major government programs The tenth edition of Current Economic Issues is an invaluable tool for

understanding the real world economics behind the headlines Its 47 articles offer progressive perspectives on major economic news stories debunking dozens of myths broadcast by the business press along the way The book starts with an examination of the recent economic recovery and explains why so many have been left out of it at the same time that others have made a killing It takes a close look at the factors that havemade labor organising more difficult from new laws and regulation to the rise of Wal Mart Three chapters scrutinize the impact of the Bush administration s fiscal policies including rollbacks in social spending efforts to privatize Social Security and Medicare and recent tax cuts Later chapters uncover the reality behind hot button issues like offshoring the falling dollar energy policy and the rise of China s export economy The final chapters look at the uneven impact of natural disasters environmental degradation and epidemics The book concludes with examples of underreported efforts to advance economic alternatives The sharply written well researched articles are drawn from the pages of Dollars Sense the bimonthly magazine of popular economics
