Scenarios for Writing: Issues, Analysis, and Response Gregory Glau,Craig Jacobsen,2001 This exciting new rhetoric reader presents six scenarios rooted in contemporary controversies that dramatize rhetorical issues and engage students in conversations informed by competing points of view Inside System Storage: Volume II (Paperback) Tony

Pearson,2010-01-21 Inside System Storage Volume II picks up where Volume I ends with eight more months of blog posts including behind the scenes commentary about IBM s transformation in its storage business involving two key acquisitions XIV and Diligent *MEED JANUARY 1996 MIDDLE EAST BUSINESS WEEKLY VOL.40 NO.1* ,1996 The V-chip Debate

Monroe E. Price,2013-11-26 The V chip is a highly significant part of the discussion about whether television or broadcasting in general deserves some special attention in terms of its accessibility to children its particular power to affect conduct and its invasiveness But as this notion of filtering and labeling has caught the imagination of the regulator the legislator and all those who wish to consider new ways to alter bargaining over imagery in society the very idea of the V chip or its equivalent is moving across other technologies including the Internet The V chip issue has also fueled the ongoing debate about violence and sexual practices in society and how representations on television relate to those practices Although the initial concept of the V chip is simple its flow into the public realm raises so many extraordinary questions that the introduction and production of the chip virtually serves as a case study in problems of law and public policy The very conceptualization of speech in society is being affected by this issue Accordingly the place of the V chip in this debate is increasingly important indeed it may be argued that the V chip s contribution to legal argumentation may be greater than its ultimate contribution to the relationship between children and imagery Among the questions the contributors address are What research basis is necessary to require a framework for labeling and rating What relationship between government and the image producing industries can be characterized for constitutional and other reasons as voluntary as opposed to coercive Who should evaluate these images To what extent should the evaluation process be centralized and or distributed What assessment is appropriate to evaluate whether the experiment is successful In addition to the V chip s origin s in Canada and its further evolution in the United States this book discusses the development of the V chip and television rating systems in Europe Australia and throughout the world It also includes essays which contrast the very different approaches in Canada and the United States in terms of the role of regulatory agency industry and government **How to Use the Internet** Macmillan General Reference
