Disruptive Branding Jacob Benbunan, Gabor Schreier, Benjamin Knapp, 2019-04-03. Disruptive forces have rewritten the rules of business. In an age of continuous change, the strength and authenticity of brands has become more important than ever. The organizations that can master their brand experience are able to survive disruption by disrupting themselves. Companies that can't do this will leave themselves ripe for disruption. Disruptive Branding is a practical guide demonstrating how to harness change to power your brand's survival and ensure growth in a transforming world. It will help ambitious, courageous and aspirational organizations to define their compelling brand strategies, design powerful brand experiences and innovate new brand-led products and services. Disruptive Branding tells the stories of businesses that have succeeded in managing the forces of disruption. From Nintendo fighting off its competition by re-imagining gaming to Airbnb redefining what it means to travel, modern day brands are thinking faster and smarter than ever before. This book identifies the strategies and designs that some of the world's most successful brands use to stay one step ahead of the curve. It is an invaluable resource for brands working to withstand disruption or even become disruptors themselves.

Business Model Design Compass JinHyo Joseph Yun, 2017-05-10. This book reveals how open innovation utilizes the developing circle of business models to establish new ones that define a unique link between technology and markets, focusing on how to develop and maintain successful business models. It draws readers into the philosophy and economic effects of open innovation from the outset. It presents four different developing circle business models for customers in the role of consumers, entrepreneurs, social entrepreneurs and engineers respectively, enabling each group to develop, utilize and enlarge creative business models and even switch business models. In addition to these four circles, it takes a systemic approach to describe the relationship between technology and markets. From this relationship, an open innovation strategy towards entrepreneurship can be adopted.

From Open Innovation to a Creative Developing Circle Business Model is an essential resource for start-up entrepreneurs as well as for students of technology management, strategy and open innovation.

Thank You For Disrupting Jean-Marie Dru, 2019-06-12. The business ideas and innovation philosophies of the world's great entrepreneurs for anyone to implement in any business. Steve Jobs, Jeff Bezos, Larry Page, Sergey Brin, Zhang Ruimin, Marc Benioff. Millions of words have been written about the great entrepreneurs of the world. This book is not about describing their achievements. Nor is it about their charisma, personal trials or their place in popular culture. We have all heard or read about them already. This book is about the entrepreneur, the thinker. It is about the grand ideas, the disruptive thoughts, the innovative underpinnings and business philosophies that gave rise to their achievements. Thank You For Disrupting: The Disruptive Business Philosophies of The World's Great Entrepreneurs examines 20 of the most significant business leaders of our time. Author: Jean Marie Dru

himself a disruptor who coined the term decades ago explains not only the impact these leaders have had on their own companies but also their immense influence on the business world as a whole Each chapter is replete with in depth analyses insightful comments and personal observations from the author including discussions covering the experimentation and platforms of Jeff Bezos to the recruitment policies and core values of Sergey Brin and Larry Page to the complete CSR and company activism of Paul Polman and many more Illustrating how the vision of a disruptive innovator can reach far beyond his or her company this engaging book encourages and inspires readers to become disruptors in in their own businesses The Disruptive Business Philosophies of The World s Great Entrepreneurs is a must read for anyone interested in the why and how behind the most significant and influential business achievements of our time
