Current Challenges in Combating the West Nile Virus United States. Congress. House. Committee on Government Reform. Subcommittee on Energy Policy, Natural Resources, and Regulatory Affairs, 2005 **Post-Truth, Fake News** Michael A. Peters, Sharon Rider, Mats Hyvönen, Tina Besley, 2018-02-17 This edited collection brings together international authors to discuss the meaning and purpose of higher education in a post truth world The editors and authors argue that notions such as fact and evidence in a post truth era must be understood not only politically but also socially and epistemically The essays philosophically examine the post truth environment and its impact on education with respect to our most basic ideas of what universities research and education are or should be The book brings together authors working in Australia China Croatia Romania Canada New Zealand Portugal Sweden UK and USA Physicians of the Future Rosalynn A. Vega, 2024-05-21 The first scholarly exploration of the forums practice and economics of functional medicine Physicians of the Future interrogates the hidden logics of inclusion and exclusion in functional medicine FM a holistic form of personalized medicine that targets chronic disease Rosalynn Vega uncovers how as wounded healers some FM practitioners who are former chronic disease sufferers turn their illness narratives into a form of social capital leveraging social media to relate to patients and build practices as doctor influencers Arguing that power and authority operate distinctly in FM when compared to conventional medicine largely because FM services are paid for out of pocket by socioeconomically privileged clients Vega studies how FM practitioners engage in entrepreneurship of their own while critiquing the profit motives of the existing healthcare system pharmaceutical industry and insurance industry Using data culled from online support groups conferences docuseries blogs podcasts YouTube and TED Talks as well as her own battles with chronic illness Vega argues that FM practices prioritize the individual while inadvertently reinscribing inequities based on race and class Ultimately she opens avenues of possibility for FM interlocutors wrestling with their responsibility for making functional medicine accessible to all
