TikTok and Youth Cultures Crystal Abidin,2025-11-04 Using anthropological methods to produce deep and insightful ethnographies about TikTok and its core users TikTok and Youth Cultures will help readers develop a critical understanding of TikTok s impact on society its place in the social media landscape and its cultural relevance around the world

Wireless Device-to-Device Communications and Networks Lingyang Song,Dusit Niyato,Zhu Han,Ekram Hossain,2015-03-12 Enables engineers and researchers to understand the fundamentals and applications of device to device communications and its optimization in wireless networking Distance Education for Teacher Training Hilary Perraton,2002-03-11 Distance education combining the use of correspondence texts broadcasting and limited opportunities for face to face study has been used in at least a hundred teacher training programmes over the last 25 years Distance Education for Teacher Training is the first comparative review of the use of distance education and open learning for the training and upgrading of teachers The book contains case studies using a broadly common format both to describe and analyse distance teacher training programmes in eleven countries across five continents The case studies describe the methods used to examine how far the craft of teaching can be studied at a distance Using a standardised microeconomic framework they provide unique data on the comparative costs of training teachers by distance and conventional methods The authors then draw general conclusions about the advantages and drawbacks of using distance education or open learning about the conditions for success and about comparative effects and costs Distance Education for Teacher Training will be of value to all concerned with teacher education whether in developing or industrialised countries and to those working in and planning for distance education and open learning Land-use Education in Africa Issiaka Zoungrana,A. B. Temu,1996

Beyond the Internet of Things Jordi Mongay Batalla,George Mastorakis,Constandinos X. Mavromoustakis,Evangelos Pallis,2016-12-31 The major subjects of the book cover modeling analysis and efficient management of information in Internet of Everything IoE applications and architectures As the first book of its kind it addresses the major new technological developments in the field and will reflect current research trends as well as industry needs It comprises of a good balance between theoretical and practical issues covering case studies experience and evaluation reports and best practices in utilizing IoE applications It also provides technical scientific information about various aspects of IoE technologies ranging from basic concepts to research grade material including future directions Cell-Wide Identification of Metabolite-Protein Interactions Aleksandra Skirycz,Marcin Luzarowski,Jennifer C. Ewald,2022-09-30 This thorough volume explores protocols of proteome and metabolome wide strategies for the identification of protein small molecule complexes in different organisms in order to shed light on these important regulatory interactions Experimental and computational strategies to characterize protein metabolite interactions are discussed and recent advances in enabling technologies are featured as well Written for the highly successful Methods in Molecular Biology series chapters include the

kind of detail and expert implementation advice to ensure success in future research Authoritative and practical Cell Wide Identification of Metabolite Protein Interactions will aid researchers seeking a better understanding of the mechanisms of signal transduction occurring in the cell and assessing the effect of complex formation on cell physiology *The Routledge Companion to Postcolonial African Historiography* Thula Simpson, Immanuel R. Harisch, 2025-05-09 The Routledge Companion to Postcolonial African Historiography explores history's fortunes in Modern Africa south of the Sahara from the discipline's Golden Age as a handmaiden in struggles against colonialism to difficult decades when its survival has been threatened by capricious political and economic conditions and the uncertain present where the continent's historians struggle to justify their value to frequently sceptical publics In exploring the discipline's practical role in past struggles for African emancipation the volume speaks directly to these challenging but changing circumstances The chapters feature contributions from leading experts on historiographical traditions of different regions of the continent They collectively demonstrate how the process of instrumentalizing the past to advance lay struggles has influenced the choices historians have made regarding sources methodology interpretation audiences and platforms This practical application has strongly shaped the diverse forms that African historiography has assumed as reflected in this book The themes discussed offer a platform for inserting Africa into comparative studies of global historiographical traditions whilst also contributing to contemporary debates on decolonization In offering accessible insights from leading historians this is an essential handbook for students and scholars of African history and historiography as well as all those interested in postcolonial studies

Distance Versus College Trained Primary School Teachers Lars Mählck, E. B. Temu, 1989 *Successful Schools in Tanzania* Elisei Basil Temu, 1995 **The Cost-effectiveness of Distance Education for Teacher Training** H.
