Identity-Based Brand Management Christoph Burmann, Nicola-Maria Riley, Tilo Halaszovich, Michael Schade, Kristina Klein, Rico Piehler, 2025-07-15 This textbook provides a comprehensive overview of identity based brand management based on current research. The authors focus on the design of the brand identity which covers the internal perspective of brand management and the resulting external brand image perceived by consumers and other audiences. The book covers topics such as brand positioning, the design of the brand architecture and brand elements, the management of brand touchpoints and the customer journey as well as multi sensory brand management and brand management in a digital environment. Further topics covered are international brand management, brand management in the retail sector, in social media and on digital brand platforms, electronic marketplaces. Numerous practical examples illustrate the applicability of the concept of identity based brand management. The authors show that this concept is a valuable management model to make brands successful. In the 3rd edition all chapters were fundamentally revised and latest research findings were integrated. A new section on corporate social responsibility due to the increasing importance of brands societal and environmental responsibilities and up to date practical examples were added. Additional material is available via an app. Download the Springer Nature Flashcards App and use exclusive content to test your knowledge.

The Internet Guide for New Users

Daniel P. Dern, 1994 A very practical and complete resource guide to Internet that not only shows newcomers how to get up and running but also provides key information for the experienced user. Coverage includes a discussion of Internet navigation tools like Gopher and WAIS and how commercial services a formerly taboo area for Internet are being introduced and used on the network.
