Twitter Discount

Kate Conger, Ryan Mac

Twitter Discount:

Character Limit Kate Conger, Ryan Mac, 2024-09-17 Named a Best Book of the Year by Kirkus Reviews Riveting Character Limit offers a telling lesson in the cost of getting everything you want The Washington Post You couldn't hope for a better ringside seat on the unfolding drama Character Limit is a triumph The Guardian Masterful in how it paints a picture and puts you in the room with the famous entrepreneur Character Limit is a page turner Forbes Rising star New York Times technology reporters Kate Conger and Ryan Mac tell for the first time the full and shocking inside story of Elon Musk's unprecedented takeover of Twitter and the forty-four billion dollar deal's seismic political, social, and financial fallout The billionaire entrepreneur and Tesla CEO Elon Musk has become inextricable from the social media platform that until 2023 was known as Twitter Started in the mid-2000s as a playful microblogging platform Twitter quickly became a vital nexus of global politics, culture, and media where the retweet button could instantly catapult any idea to hundreds of millions of screens around the world unleashing raw collective emotion like nothing else before While its founder had idealistically dreamed of building a digital town square he detested Wall Street and never focused on building a profitable business Musk joined the platform in 2010 and by 2022 had become one of the site's most influential users hooking over 80 million followers with a mix of provocations, promotion of his companies, and attacks on his enemies To Musk Twitter once known for its almost absolute commitment to free speech had badly lost its way He blamed it for the proliferation of what he called the woke mind virus and claimed that the survival of democracy and the human race itself depended on the future of the site In January of 2022 Musk began secretly accumulating Twitter stock By April he was its largest shareholder and soon after made an unsolicited offer to purchase the company for the unimaginable sum of 44 billion dollars Backed into a corner Twitter's board accepted his offer but Musk quickly changed his mind forcing Twitter to sue him to close the deal in October The richest man on earth controlled one of the most powerful media platforms in the world but at what price Before long Twitter would be gone for good replaced by something radically different as Musk remade the company in his own image from the ground up The story of the showdown between Musk and Twitter and his eventual takeover of the company is unlike anything in business or media that has come before In vivid cinematic detail Conger and Mac follow the inner workings of the company as Musk lays siege to it first from the outside as one of its most vocal users and then finally from within as a contentious and mercurial leader Musk has shared some of his version of events but Conger and Mac have uncovered the full story through exclusive interviews, unreported documents, and internal recordings at Twitter following the billionaire's takeover With unparalleled sources from within and around the company they provide a revelatory three-dimensional and definitive account of what really happened when Musk showed up spoiling for a brawl and intent on revolution with his merciless sycophantic cadre of lawyers, investors, and bankers This is the defining story of our time told with uncommon style and peerless rigor In a world of viral ideas and emotion who gets to control the narrative who gets to be heard and what does power really cost

Real-Time Marketing and PR David Meerman Scott, 2011-12-01 Launch effective real time communications to win in today's always on world Gone are the days when you could plan out your marketing and public relations programs well in advance and release them on your timetable Real time means news breaks over minutes not days It means companies develop or refine products or services instantly based on feedback from customers or events in the marketplace And it's when businesses see an opportunity and are the first to act on it In this eye opening follow up to *The New Rules of Marketing and PR* a BusinessWeek bestseller David Meerman Scott reveals the proven practical steps to take your business into the real time era Find out how to act and react flexibly as events occur position your brand in the always on world of the Web and avoid embarrassing mistakes and missteps Real Time Marketing and PR will also enable you to Develop a business culture that encourages speed over sloth Read buying signals as people interact with your online information Crowdfund product development naming and even marketing materials such as online videos Engage reporters to shape stories as they are being written Command premium prices by delivering products at speed Deploy technology to listen in on millions of online discussions and instantly engage with customers and buyers Scale and media buying power are no longer a decisive advantage What counts today is speed and agility While your competitors scramble to adjust you can seize the initiative open new channels and grow your brand Master Real Time Marketing and PR today and become the first to act the first to respond and the first to win [iPhone for Programmers](#) Paul J.
