## **Palestinians Refugees And The Middle East Peace Process:**

*Palestinians, Refugees, and the Middle East Peace Process* Don Peretz, 1993 In this clearly written and balanced volume longtime Middle East expert Don Peretz examines the current conditions and future prospects of the Palestine refugees and the members of the Palestinian diaspora He reviews their demographics living conditions political identity and perspectives on the peace process including the Gaza Jericho plan He explores a variety of proposed solutions including repatriation compensation and resettlement *Palestinian Refugees and the Peace Process* Elia Zureik, 1996 **Palestinian Refugees** Robert Bowker, 2003 Encompassing history politics and political culture Bowker grapples with fundamental issues of Palestinian identity in the context of the peace process *Palestinian Refugees in International Law* Francesca Albanese, Lex Takkenberg, 2020 The Palestinian conflict has produced one of the most tragic refugee crises since World War II with the number of refugees caused by the violence associated with the creation of the State of Israel numbering around 11 million in 2011 The much lauded first edition in 1998 of *The Status of Palestinian Refugees in International Law* was the first book to comprehensively analyse the legal aspects of the Palestinian refugee crisis yet the last two decades have seen multiple developments New waves of conflict and displacement have affected Palestinian refugees in the Middle East and there has been Israeli encroachment on Palestinian territory Hamas has grown and a schism has formed within the first Palestinian government The so called Arab Spring has impacted the life fate and legal status of thousands of Palestinian refugees In international legal jurisprudence change has been similarly rapid In 2004 the International Court of Justice delivered a crucial advisory opinion on the Separation Wall authoritatively elucidating the international legal framework applicable to the Israeli occupation Numerous international human rights bodies and UN fact finding missions have added their analysis to the mix The possibility of the State of Palestine joining the International Criminal Court has spurred discussion relating to the applicability of international criminal law to Palestinian refugees Clear compelling and authoritative Lex Takkenberg and Francesca Albanese discuss the status quo both on the ground and in the courts and pose future scenarios to come

**Compensation to Palestinian Refugees and the Search for Palestinian-Israeli Peace** Rex Brynen, Roula El-Rifai, 2013-02-06 One of the core aspects of the Palestinian refugee question is that of compensation or reparations for Palestinian refugees forcibly displaced by the establishment of Israel The Nakba saw the displacement of 85% of the Palestinian Arab population and the descendants of these displaced peoples numbers almost 5 million Despite the gravity of the situation and the importance of restorative justice many of the complex technical issues compensation would entail have not received adequate attention Applying their expertise and looking at past examples of claims mechanisms a rich variety of contributors including Palestinian Israeli and international scholars analysts and former officials examine the topic from an array of legal economic and political perspectives Answering questions such as How would property losses be recovered What about displaced persons within Israel What would the Israeli response be to reparations The contributors cast new and

important light on the way the issue has been approached in past negotiations the structure of possible compensation regimes and potential challenges and obstacles to implementation ***The Palestinian Refugees*** J. Ginat,Edward Joseph Perkins,2001 As violence escalates in the Middle East a peace agreement between Israel and Palestine seems more elusive than ever Yet one thing remains clear without constructive dialogue such an agreement cannot occur This timely volume presents just such a dialogue It brings together opinions perspectives and research focused on one of the region s most complex and volatile problems the Palestinian refugee situation Based on a 1999 conference at the University of Oklahoma International Program Center Palestinian Refugees combines contributions from Israelis Palestinians Jordanians Egyptians Americans and Europeans In addition to focusing on the Palestinian refugees the essays present various proposals for solving the Palestinian problem Organized in two parts the volume presents both scholarly essays and position papers The scholarly essays place current issues in historical context and explore the Palestinian belief in the right of return and questions of appropriate compensation The position papers focus on policy and offer a variety of perspectives Concluding the volume is a special essay on public polls that gauge how Palestinians and Israelis view the circumstances of Palestinian refugees and what they feel about possible solutions ***The Palestinian Refugee Problem*** Rex Brynen,Roula El-Rifai,2013-12-06 In this unique volume leading analysts from the Red Cross Middle East Institute and Refugee Affairs many of whom have been actively involved in past negotiations on this issue provide an overview of the key dimensions of the Palestinian refugee problem Mindful of the sensitive and contested nature of the subject none offers a single solution Instead each contribution summarises and synthesises the existing scholarly and governmental work on the topic Each paper develops an array of policy options for resolving various aspects of the refugee issue From moral acknowledgements of the plight of refugees to host countries repatriation and reparations each policy analysis is written to provide a broad menu of choices rather than a single narrow set of recommendations No other work on the Palestinian refugee issue has undertaken such a task ***The Palestinian Refugee Problem The Search for a Resolution*** is likely to be a pre eminent reference and analytical work on the topic for many years to come ***The Middle East Peace Process*** J. Ginat,Edward Joseph Perkins,Edwin G. Corr,2002 Since October 2000 the Al Aqsa Intifada uprising has shattered any recognisable peace process Part of the Studies in Peace Politics in the Middle East series this work deals with the Palestinian Israeli conflict It also addresses the full range of the reconciliation process between Israel and the Arab World ***Israel and the Palestinian Refugee Issue*** Jacob Tov,2014-03-05 Examining the development of Israel s policy toward the Palestinian refugee issue this book spans the period following the first Arab Israeli War until the mid 1950s when the basic principles of Israel s policy were finalized ***Israel and the Palestinian Refugee Issue*** outlines and analyzes the various aspects that together created the mosaic of the refugee problem with which Israel has since had to contend These aspects include issues of repatriation resettlement compensation blocked bank accounts internal refugees and family reunification Drawing on extensive archival research this book uses documents from

Israeli government meetings from the Foreign Affairs and Defense Committee and files from the office of the Prime Minister's advisor on Arab affairs to address the many diverse aspects of this topic and will be essential reading for academics and researchers with an interest in Israel the Middle East and political science more broadly **Palestine & the UN**, 1996

El-Taji, 1996 **The Future for Palestinian Refugees** Michael Dumper, 2007 This unique book makes a significant and sorely needed contribution to discussions of how to address the Palestinian refugee problem in the context of Israeli Palestinian peacemaking Dumper draws fair minded thoughtful conclusions that can guide future negotiations Michael R Fischbach Randolph Macon College Valuable and thought provoking Mick Dumper starts from a basic premise any resolution of the Palestinian refugee issue ought to be informed by best practice in other conflict areas From this he develops a sophisticated critique of past negotiations on the issue and offers rare insight into how things might be done differently Rex Brynen McGill University From the dilapidated camps of Lebanon to the eye of the storm in Gaza Palestinian refugees continue to be a focus of world attention The Palestinian Return addresses in depth this most difficult of the outstanding problems impeding peace in the Middle East Michael Dumper maps the contours of the issue with special reference to wider international practice and its possible bearings on policy options for the Israeli Palestinian case Concentrating on topics central to the future of Palestinian refugees ranging from compensation and resettlement to international involvement in postconflict agreements to justice and reconciliation he offers an important and positive contribution to thinking on the Middle East peace process Michael Dumper is reader in Middle East Politics at the University of Exeter He is author of The Politics of Sacred Space The Old City of Jerusalem and the Middle East Conflict Contents Introduction Palestinian Refugees An Overview Looking at International Practice Local Integration Resettlement and Repatriation The Role of UNRWA The Issue of Compensation Truth Justice and Reconciliation Conclusion **United States' Involvement in the Middle East Peace Process** Fidelis Etah Ewane, 2010 Seminar paper from the year 2010 in the subject Politics International Politics Topic Peace and Conflict Studies Security grade University of Freiburg language English abstract The Israeli Palestinian conflict is one of the greatest conflicts of our time especially as no peace effort has proven to be really effective From the creation of the state of Israel in 1948 the history of the Palestinians and the Israelis is defined by perpetual conflict with one another Israelis and Palestinians are entangled with each other and alienated from one another in almost every imaginable way From 1948 to 1973 Arabs and Israelis engaged in four great wars with heavy casualties on both sides The United States of America has deployed enormous resources as peace broker in this conflict partly because of its special relationship to Israel and partly because of its economic and strategic interests in the Middle East Successive American administrations have maintained the tradition of mediation but the most genuine commitment was made by the Clinton administration culminating in the signing of the Wye River Memorandum in 1998 This mediation effort notwithstanding peace between the Israelis and Palestinians is still an

imaginary luxury and violence remains the order of the day between the two peoples The aim of this review paper is to analyze the lack of bold leadership on the part of the United States of America in brokering a lasting peace deal between Israelis and Palestinians This paper is divided into three parts and the first part retraces the history of the conflict from the creation of the state of Israel in 1948 to the Yom Kippur war of 1973 The second part examines the main issues of contention in the peace process beginning with the United States lack of neutrality Israeli Security concerns the refugee problem the status quo of Jerusalem the issue of the occupied territories and the Palestinian quest for self determination The last part p

*What Lies Ahead? Canada's Engagement with the Middle East Peace Process and the Palestinians* Jeremy

Wildeman, Emma Swan, 2021-12-26 This edited volume explores Canada's foreign policy relationship with the Palestinians and broader Middle East Peace Process MEPP Canada was intensively involved from 1992 to 2000 in peacebuilding as a mediator in the multilateral part of the MEPP as chair of the Refugee Working Group and sponsor of Track II negotiations This all changed after a significant mid 2000s discursive and policy shift when Canada withdrew from the politics of Israel Palestine peacebuilding and took a strong partisan stance in favour of Israel Through 10 chapters by current and former government insiders and academics with extensive field experience this unique edited volume offers insight into decades of evolution in Canadian policy toward the Palestinians MEPP and the Middle East It arrives at an important time when the international community is reconsidering how it views Israel's entrenched occupation of the Palestinians after three failed decades of United States led efforts to find peace through a negotiated two state model Today peace may never have appeared further away after the Trump Administration adopted policies directly contradictory to the MEPP This proved a test to Canada's own official policy toward Israel and Palestine its longest running and most important region of engagement in the Middle East The chapters were originally published as a special issue of the Canadian Foreign Policy Journal guest edited by Jeremy Wildeman and Emma Swan

*Tackling the Intractable* Michael Chiller-Glaus, 2007 Finding a solution to the issue of Palestinian refugees has remained the main hurdle for an Israeli Palestinian peace settlement This book represents a comprehensive political analysis of the Palestinian refugee issue It tackles the matter on four dimensions First the historical context of the Palestinian exodus in both 1948 and 1967 is reviewed Second the question is traced whether there exists a Palestinian right of return according to international law Third an examination is presented regarding how and why the issue of refugees has remained a stumbling block during the Israeli Palestinian peace talks Fourth the main part of the book analyses potential solutions to the refugee question complementing the existing proposals with models developed by the author What are their implications for both sides What are the advantages and disadvantages of each proposal to Israelis and Palestinians respectively What is the relevance of each proposal as a mutually acceptable solution Finally a set of recommendations and guide lines for future Israeli Palestinian negotiations on refugees is presented Overall this study constitutes a valuable reference for anyone interested in a solution of the most intractable aspect of the Israeli Palestinian

conflict      **Refugees Into Citizens** Donna E. Arzt, 1997 Refugees into Citizens Palestinians and the End of the Arab Israeli Conflict a provocative and timely new book by Syracuse University international law professor Donna E Arzt offers an unprecedented blueprint for resolving what is often called the last taboo in the Arab Israeli peace negotiations a just and permanent solution to the problem of over three million Palestinian refugees This book represents the first comprehensive effort to place the inclusion and dignity of Palestinian refugees at the core of creating viable and lasting peace in the region Arzt blends traditional academic scholarship with a practical policy prescription the end of the Middle East conflict can only be achieved when all Palestinian refugees are offered dual citizenship compensation for lost property and or voluntary absorption options in either a future state of Palestine other Arab states in the region the broader international community or on family reunification grounds repatriation in Israel Arzt argues that compensation should be based on a no fault assumption and that all involved parties share equal responsibility for refugee absorption      *Palestine: From the negotiations in Madrid to the post-Hebron agreement period* ,1997      **Palestinian Refugees** Ghada Hashem Talhami, 2003 The main goal of this book is to record as much of the Palestinian refugees political history as possible The author is becoming increasingly aware of the ebb and flow of general interest in the refugee issue and the strong possibility of subsuming that chapter in the larger Palestinian story As the PLO itself moved further and further away from the refugee constituency it became necessary to examine and define the impact of the refugee issue on the larger Palestinian political picture for indeed as it turned out they were always a tremendous influence on the course of Palestinian and Arab history Although they lost their leadership positions within the PLO as the latter became increasingly elitist and bureaucratic the powerless refugees apparently never lost the means to influence the course of Palestinian history This book relies heavily on early State Department dispatches Israeli Foreign Office correspondence early accounts of the stirrings of a refugee movement in Jordan and declarations statements and studies of the Badil Research Centre and some right of return groups Also investigated is much of the known literature to emerge from the secretive Oslo negotiations and the reverberations produced by their deliberations throughout the Palestinian diaspora The resilience of the refugee question should never be questioned or declared until one of two things happened either the obliteration or dispersal of concentrated refugee communities became a reality or the Palestinian refugees accepted a resolution of some kind or another      **The Palestinian Refugee Problem and the Right of Return** Joseph Alpher, Khalil Shiqāqī, 1998      The Politics of Denial Nur Masalha, 2003-10-20 The 1948 war ended in the expulsion of hundreds of thousands of Palestinians from their villages and homes Israeli settlers moved in to occupy their land and the Palestinian refugees found themselves in refugee camps or in neighbouring Arab countries Today there are nearly four million Palestinian refugees and they want the right to go home Their problem is the greatest and most enduring refugee problem in the world Since 1948 Israeli refugee policy has become a classic case of denial the denial that Zionist transfer committees had operated between 1937 and 1948 denial of any wrong

doing or any historical injustice denial of the right of return denial of restitution of property and compensation and indeed denial of any moral responsibility or culpability for the creation of the refugee problem The aim of this book is to analyse Israeli policies towards the Palestinian refugees as they evolved from the 1948 catastrophe or nakba to the present It is the first volume to look in detail at Israeli law and policy surrounding the refugee question Drawing on extensive primary sources and previously classified archive material Masalha discusses the 1948 exodus Israeli resettlement schemes since 1948 Israeli approaches to compensation and restitution of property Israeli refugee policies towards the internally displaced present absentees and Israeli refugee policies during the Madrid and Oslo negotiations Masalha asks what rights Palestinians possess under international law How can a refugee population be compensated and will they ever be able to return to their homes Masalha questions the official Israeli position that the only solution to the problem is resettlement of the refugees in Arab states or elsewhere This book is a valuable resource for anyone interested in the subject that lies at the heart of the ongoing conflict in the Middle East
