Cyber Week Ideas Install:

Establishing Cyber Security Programs Through the Community Cyber Security Maturity Model (CCSMM)

White, Gregory B., Sjelin, Natalie, 2020-07-17 As society continues to heavily rely on software and databases the risks for cyberattacks have increased rapidly As the dependence on computers has become gradually widespread throughout communities and governments there is a need for cybersecurity programs that can assist in protecting sizeable networks and significant amounts of data at once Implementing overarching security policies for software systems is integral to protecting community wide data from harmful attacks Establishing Cyber Security Programs Through the Community Cyber Security Maturity Model CCSMM is an essential reference source that discusses methods in applying sustainable cybersecurity programs and policies within organizations governments and other communities Featuring research on topics such as community engagement incident planning methods and information sharing this book is ideally designed for cybersecurity professionals security analysts managers researchers policymakers students practitioners and academicians seeking coverage on novel policies and programs in cybersecurity implementation *Assessing Cybersecurity Activities at NIST and DHS* United States. Congress. House. Committee on Science and Technology (2007). Subcommittee on Technology and Innovation, 2009

New Literacies and Teacher Learning Michele Knobel, Judy Kalman, 2016-03-30 New Literacies and Teacher Learning examines the complexities of teacher professional development today in relation to new literacies and digital technologies set within the wider context of strong demands for teachers to be innovative and to improve students learning outcomes Contributors hail from Argentina Australia Canada Finland Mexico Norway and the U S and work in a broad range of situations grade levels activities scales and even national contexts Projects include early year education through to adult literacy education and university contexts describing a range of approaches to taking up new literacies and digital technologies within diverse learning practices While the authors present detailed descriptions of using various digital resources like movie editing software wikis video conferencing Twitter and YouTube they all agree that digital stuff while important is not the central concern Instead what they foreground in their discussions are theory informed pedagogical orientations collaborative learning theories the complexities of teachers workplaces and young people's interests Thus a key premise in this collection is that teaching and learning are about deep engagement representing meanings in a range of ways These include acknowledging relationships and knowledge thinking critically about events phenomena and processes and participating in valued social and cultural activities The book shows how this kind of learning doesn't simply occur in a one off session but takes time commitment and multiple opportunities to interact with others to explore play make mistakes and get it right *Computerworld*, 2005-04-25 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld's award winning Web site Computerworld.com twice monthly publication focused conference series and custom research form the hub of the world's largest global IT media

Deception

Robert M. Clark, William L. Mitchell, 2018-01-12 The chapters on the exercises are a treasure chest of material to work with covering a whole array of scenarios I think virtually every page and topic could spark robust and spirited classroom discussion starting with the text title itself Ronald W Vardy University of Houston Most students have very little or no background in this subject area so Clark's work is great to introduce students to intelligence and the analytical disciplines a really excellent book that fills a gaping hole in the public literature and is of genuinely great value to both students and practitioners Carl A Wege Professor Emeritus College of Coastal Georgia Bridging the divide between theory and practice

Deception Counterdeception and Counterintelligence provides a thorough overview of the principles of deception and its uses in intelligence operations This masterful guide focuses on practical training in deception for both operational planners and intelligence analysts using a case based approach Authors Robert M Clark and William L Mitchell draw from years of professional experience to offer a fresh approach to the roles played by information technologies such as social media By reading and working through the exercises in this text operations planners will learn how to build and conduct a deception campaign and intelligence analysts will develop the ability to recognize deception and support deception campaigns Key Features New channels for deception such as social media are explored to show readers how to conduct and detect deception activities through information technology Multichannel deception across the political military economic social infrastructure and information domains provides readers with insight into the variety of ways deception can be used as an instrument for gaining advantage in conflict Contemporary and historical cases simulate real world raw intelligence and provide readers with opportunities to use theory to create a successful deception operation A series of practical exercises encourages students to think critically about each situation The exercises have several possible answers and conflicting raw material is designed to lead readers to different answers depending on how the reader evaluates the material Individual and team assignments offer instructors the flexibility to proceed through the exercises in any order and assign exercises based on what works best for the classroom setup **Building Cyberstores** Martin A. W. Nemzow,1997 A complete programmer s and technical manager s guide to integrating existing databases with WWW sites for catalog sales data inquiries transaction processing Intranet Internet payment schemes and delivery of pay per view documents books information and help services The CD includes order entry form templates samples of existing cyberstore sites and tools for collecting customer data
