Winning With Strategic Marketing David Altounian, Mike Cronin, 2023-12-28 This book provides a comprehensive guide to marketing for leaders of small and midsized businesses empowering them to expand and evolve their enterprises. It offers a framework to create a fundamental marketing plan that helps business leaders understand and thrive in a competitive environment. The framework offers a step by step process to build a plan that will enable readers to acquire new customers, maintain existing clientele, anticipate competitors' moves, showcase product uniqueness, grasp pricing strategies, refine branding messages, and select appropriate metrics to evaluate progress. By adhering to our straightforward approach, readers will learn how to develop a marketing strategy that will help generate sales, profit, and customer satisfaction.

Become Your CEO Conrad Riker, 101-01-01 From Chaos to Command Engineer Your Life as a Sovereign Enterprise. Are you tired of feeling like a passive employee in your own life? Do you resent society's demands while your potential gathers dust? Have you sacrificed long term legacy for short term comfort? Would you bet on your current habits to outcompete rivals in a fractured world? This book isn't about balance or self care; it's a tactical manual for men who refuse to be sidelined. 1 Replace weakness with unshakable discipline using stoic drills and operant conditioning. 2 Turn time into a weaponized asset. 1% daily gains compound into total dominance. 3 Neutralize toxic influences, psychopaths, manipulators, gynocratic traps with cold rationality. 4 Forge mental toughness through primal physical rituals, lifting, cold exposure, strategic rest. 5 Architect a legacy plan that outlives you, rooted in biblical wisdom and Jungian self integration. 6 Master financial megatrends and avoid state mandated traps e.g. marriage contracts, sloth based debt. 7 Leverage Maslow's hierarchy to bypass self actualization. 8 Transform failure into fuel using Seligman's anti helplessness protocols and Duckworth's grit calculus. If you want to seize control, silence critics, and sculpt a life that echoes through generations, buy this book today. **Weakness dies here**

The Puppeteer's Strings, 2025-07-05 In an age where technology promises boundless connection yet leaves us feeling lonelier and more divided, *The Puppeteer's Strings* challenges us to confront the invisible forces shaping our minds and lives. This profound exploration delves into how ubiquitous technology has transformed human interaction, redefined purpose, and curated our realities. From algorithmic control and digital surveillance to the subtle manipulation of propaganda and the fragmentation of truth, the book uncovers the mechanisms that reduce life to metrics and commodify meaning. Drawing on timeless wisdom from Aristotle's *eudaimonia*, Stoic resilience, Taoist harmony, and existentialist freedom, Min Hyonu offers a powerful antidote to the Age of Noise. It is a journey to reclaim agency, break free from digital determinism, and redefine what it means to live authentically in a tech driven world. *The Puppeteer's Strings* is not a rejection of technology but an urgent call to examine how we use our tools or how they use us. It's for anyone ready to challenge assumptions, resist the pull of apathy, and reclaim their purpose in a world designed to distract and conform. Are you in control of your life, or are you being controlled? The journey to cut the strings begins here.

Why America Didn't Become Great Again Robert Chernomas,Ian Hudson,2025-04-22 Examining the conditions that not only blocked attempts to make America great again but also actively made the country worse Why America Didn't Become Great Again identifies those organizations institutions politicians and prominent characters in the forefront of the economic and

social policies ultimately asking who is responsible The period from the late 1970s to 2020s became the best of times for America s corporate class As profits grew along with the wealth and income that they delivered for their stockholders and management their goal was to set new rules for the rest of us to live by with a clear class agenda Institutions have been organized government policies reoriented and economists journalists and politicians recruited funded and promoted And so it has not been the best of times for working families as inequality stagnant wages debt and ever longer working hours became their fate This book critically analyzes those who very deliberately set out to implement policies enacted at the state and federal level in order to redistribute wealth and income upwards and change the balance of power in the United States in response to the class gender and racial challenges that resulted in compressed income and wealth differentials before the 1980s An essential book on contemporary inequality in America Why America Didn t Become Great Again surveys the past near half century that resulted in American economic instability and inequality environmental crisis a crumbling physical and harmful social infrastructure among the very worst health outcomes child poverty food insecurity and social mobility of the industrialized countries culminating in a Trump regime and the road to further ruin

International Labour Standards and Platform Work Mathias Wouters, 2021-11-25 Platform work the matching of the supply of and demand for paid labour through an online platform often depends on workers who operate in a grey area between the archetype of an employee and a self employed worker This important book explores the utility of the International Labour Organization s existing standards in governing this phenomenon It indicates that despite their relevance many standards have little or no impact The standards apply to the issue but they fail to connect with it The author shows how three ILO conventions the Home Work Convention 1996 No 177 the Private Employment Agencies Convention 1997 No 181 and the Domestic Workers Convention 2011 No 189 can be revitalised to have an impact on the platform work debate In the course of the analysis he responds in depth to such questions as the following What are digital labour platforms What does decent work mean Did the ILO centenary fundamentally change anything What is the link between private employment services and platform work How do crowdworkers relate to homeworkers and teleworkers Are platform workers

engaged in domestic work What form could a future ILO standard on platform work take Given that the ILO plans to start discussions on a potential future standard for platform work in 2022 this book will prove very useful in highlighting the issues and standards that such discussions should consider Research has shown that the techniques and tools of the platform economy have spread far beyond gig work resulting in widespread gigification and restructuring of workplace behaviours and relationships jobs and communities across the world For this and other reasons including the book s detailed analysis of issues not addressed elsewhere labour lawyers in house counsel researchers and policymakers will gain valuable insight into what decent work in the platform economy would require thus greatly broadening the discussion on this difficult to regulate phenomenon
