Ancient oriental nations and Greece to the close of the Peloponnesian War, 1898. Anglo-French Defence Relations Between the Wars M. Alexander, W. Philpott, 2002-10-22 This collection of essays reviews the politico-military relationship between Britain and France between the two World Wars. As well as examining the relationship between the two nations' armed services, the book's contributors also analyse key themes in Anglo-French inter-war defence politics: disarmament, intelligence and imperial defence, and joint military, political and economic preparations for a second world war. Diplomacy Between the Wars George W. Liebmann, 2019-07-25 *Diplomacy Between the Wars* is a detailed inside story of diplomacy seen through the careers of five remarkable career diplomatists. Here is a unique and authentic picture of practical diplomacy and its effect during periods of international crisis which shaped the twentieth century. These were not the statesmen and politicians who dominated the international stage but practical diplomats with long experience, linguistic competence, deep knowledge of the local conditions, history, culture and of the people of the countries where they served. George Liebmann also brings acute political awareness to the subject. The achievements of these diplomats, often unsung during their careers and gleaned largely from history books, were considerable and a monument to practical professional diplomacy. Lewis Einstein was influential in demonstrating the central role and its control of finance and credit in modern wars and urging massive US economic assistance to Europe and after World War II providing the intellectual underpinnings of the Marshall Plan. Sir Horace Rumbold's work was vital in avoiding war between Great Britain and Turkey and in warnings of the dangers of Hitler. Johann von Bernstorff opposed Germany's naval militarism, supported a negotiated end to the First World War and peaceful revision of the Treaty of Versailles. Count Carlo Sforza urged restraint on Italy's territorial ambitions and tolerance for former Fascists and Communists and Ismet Inönü kept Turkey out of war, preserved her national interest at the Treaty of Lausanne and maintained friendship with the great powers. He worked for religious toleration and the limitation of dictatorship in Atatürk's secular Turkish Republic. **Metropolitan Pulpit and Homiletic Monthly**, 1896.
