The Opinionated University Brian Soucek, 2026-01-08 Why institutional neutrality is nothing but an illusion Can a university ever truly be neutral in today's social and political climate Pushing against the tide of universities increasingly pledging to stay neutral about contentious issues law professor Brian Soucek argues that their promises are doomed to fail universities can't help being opinionated In *The Opinionated University* Soucek shows that neutrality is a myth by taking a deep dive into several prominent campus controversies of the day including diversity equity and inclusion DEI efforts and restrictions on campus speech and protest Each issue requires universities to choose a side in what they do if not also in what they say In everything from curricular and admissions decisions to their response to outside rankings and their evaluation of faculty universities express the values at the heart of their mission Soucek argues that those pushing for neutrality are only preventing universities from standing up for their values whether in today's current moment of crisis or in periods of political calm Both timely and deeply engaging *The Opinionated University* calls on universities to dispense with neutrality as a governing principle and focus instead on what their mission should be and who should determine it India's Higher Education in the Global Context Pradeep Kumar Misra, Nilanjana Moitra, 2026-02-06 This book offers a comprehensive and multifaceted examination of global trends and national strategies with a particular emphasis on internationalization within India's higher education sector Unlike traditional comparative studies this book presents a practical policy oriented approach that integrates perspectives on student and faculty mobility collaborative research and digital learning It emphasizes the implementation of India's National Education Policy 2020 and strategic initiatives such as GIAN and SWAYAM It also explores the role of international collaborations such as ECCTIS in the UK and UNESCO's Global Convention With contributions from leading experts in India the United States and the United Kingdom this book presents innovative approaches and forward thinking solutions to promote inclusive and transformative internationalization strategies It equips academicians researchers policymakers and university administrators with practical strategies to navigate the evolving landscape of international higher education *Reports from Commissioners* Great Britain.
