**Transforming School Food Politics around the World** Jennifer E. Gaddis, Sarah A. Robert, 2024-05-28 How to successfully challenge and transform public school food programs to emphasize care justice and sustainability with insights from eight countries across the Global North and South School food programs are about more than just feeding kids They are a form of community care and a policy tool for advancing education health justice food sovereignty and sustainability *Transforming School Food Politics around the World* illustrates how everyday people from a diverse range of global contexts have successfully challenged and changed programs that fall short of these ideals Editors Jennifer Gaddis and Sarah A Robert highlight the importance of global and local struggles to argue that the transformative potential of school food hinges on valuing the gendered labor that goes into caring for feeding and educating children Through accessible and inspiring essays *Transforming School Food Politics around the World* shows politics in action Chapter contributors include youths mothers teachers farmers school nutrition workers academics lobbyists policymakers state employees nonprofit staff and social movement activists Drawing from historical and contemporary research personal experiences and collaborations with community partners they provide readers with innovative strategies that can be used in their own efforts to change school

food policy and systems Ultimately this volume sets the stage to reimagine school food as part of the infrastructure of daily life arguing that it can and should be at the vanguard of building a new economy rooted in care for people and the environment Contributors Alexis Agliano Sanborn Lisa Altmann Jos Arimatea Barros Bezerra Islandia Bezerra Jennifer Black Brooks Bowden Christine C Caruso Cristiane Coradin Rebecca Davis Sinikka Elliott Rachel Engler Stringer Debbie Field Lucy Flores Andr e Gacoin Jennifer Gaddis Michelle Gautreaux Anne Hales Karin Hj lmeskog Anore Horton Kristiina Janhonen Jennifer LeBarre Raven Lewis Faye Mack Marjaana Manninen Brent Mansfield Anne Moertel Katsura Omori Prerna Rana Margaret Read Emmanuelle Ricaud Oneto Sarah A Robert Betsy Rosenbluth Amy Rosenthal Ludmir dos Santos Gomes S nia F tima Schwendler Amy Shollenberger Courtney Smith Seulgi Son Jarrett Stein

**The Social Codes of Tech Workers** Robert Dorschel,2025-12-09 How the coders of our digital worlds think work and live Digital technologies shape nearly every aspect of our lives Yet little attention has been paid to the tech workers who design and program these technologies Instead the spotlight often falls on two extremes the elite class of tech entrepreneurs and the precarious digital proletariat of gig and crowd workers This narrow focus has left a critical gap in understanding the middle class professionals operating behind the scenes of digital capitalism Drawing on over 50 original interviews and discourse analytical research conducted in the US and Germany The Social Codes of Tech Workers takes readers deep into their hearts and minds Robert Dorschel demonstrates how tech workers subjectivity is structured by a return of social critique hybrid professional roles and distinctive lifestyles The book identifies tech workers as a contradictory class formation oscillating between a spirit of emancipation and yet another spirit of capitalism This work will appeal to scholars across disciplines concerned with digital labor identity and class as well as to the broader public interested in the culture of the tech industry and the evolving future of work

**The Corporate Life Cycle** Aswath Damodaran,2024-08-20 THE KEY TO UNDERSTANDING COMPANY GROWTH AND DECLINE FROM THE UNDISPUTED EXPERT ON VALUATION Throughout his storied career Aswath Damodaran has searched for the universal key to demystify corporate finance and valuation Now at last he offers the groundbreaking answer to readers everywhere It turns out there is a corporate lifecycle very much like our own with unique stages of growth and decline And just as we must learn to act our age so too must companies By better understanding how corporations age and the characteristics of each stage of their lifecycle we can unlock the secrets behind any businesses behavior and optimize our management and investment decisions accordingly In Aswath Damodaran s The Corporate Life Cycle readers will learn What markers tell where a company falls on its corporate lifecycle and crucial insights for managers as they navigate the different stages Why the shape and timing of life cycles varies across different industries When transition points pose special challenges to companies and strategies to conquer them How differences in investment philosophies in particular the divide between growth and value investing should lead investors towards companies at different lifecycle stages As the corporate lifecycle touches virtually every aspect of business this book is for anyone with skin

in the corporate finance game from managers to investors from novices to seasoned pros Aswath Damodaran's The Corporate Life Cycle is the definitive guide to understanding businesses growth behavior and value The Creativity Choice Dr. Zorana Ivcevic Pringle, 2025-05-06 A groundbreaking Marc Brackett correction to the myth that creativity is a trait that you're born with instead a Yale scientist proves creativity is a decision that you make again and again Anyone who has ever participated in a brainstorming session will know that most of us do not lack ideas Yet many people never breathe life into these ideas To turn inspiration into real achievement you must decide to act and then decide to act again and again despite obstacles until your thoughts take shape and come to life This is what psychologist Zorana Ivcevic Pringle calls the creativity choice Drawing on decades of research into the science of creativity The Creativity Choice teaches readers how to bring ideas out of your mind and into the world With stories ranging from an entrepreneur who built a national nonprofit to a YouTuber who turned a hobby into a professional career to a business leader who established a company culture of innovation Pringle illuminates how people make creative ideas happen She shows what it takes to get started the psychological and emotional tools needed to navigate the creative process and the social conditions that allow creativity to succeed Through this book you'll learn how to bridge the gap between having the first spark of an idea and actually doing something with it

**Conceptualizing the Regulatory Thicket** Shen Wei, 2020-10-18 This book examines the regulatory framework regulatory objectives regulatory logics regulatory instruments regulatory failures and regulatory responses in China's financial market after the global financial crisis The book provides an in depth analysis of China's contemporary financial regulatory system focusing on risks regulation and policies in practice By drawing on public and private interest theories relating to financial regulation the book contends that the controlled development of the banking sector and the financial sector generally has transformed China's banks into more market oriented institutions and increased public sector growth However China's financial market and financial regulation have some inherent weaknesses and deficiencies This book also offers insights into how this can be improved or adapted to minimize systemic risks in China's financial sector This book tries to prove that financial regulation is not just a vehicle for maintaining efficient financial markets but a primary tool through which the Chinese government achieves its political and economic objectives More fundamentally according to the law and finance theory strong market and vibrant judicial systems are needed to further modernize China's financial markets and market economy The book will be a useful reference for anyone interested in learning from the Chinese experience

The Meth Lunches Kim Foster, 2023-10-10 James Beard Award winning author Kim Foster reveals a new portrait of hunger and humanity in America Food is a conduit for connection we envision smiling families gathered around a table eating happy content But what happens when poverty mental illness homelessness and addiction claim a seat at that table In The Meth Lunches Kim Foster peers behind the polished visions of perfectly curated dinners and charming families to reveal the complex reality when poverty and food intersect Whether it's heirloom vegetables or a block of neon yellow government

cheese food is both a basic necessity and a nuanced litmus test what and how we eat reflects our communities our cultures and our place in the world The Meth Lunches gives a glimpse into the lives of people living in Foster s Las Vegas community the grocery store cashier who feels safer surrounded by food after surviving a childhood of hunger the inmate baking a birthday cake with coffee creamer and Sprite the unhoused woman growing scallions in the slice of sunlight on her passenger seat This is what food looks like in the lives of real people The Meth Lunches reveals stories of dysfunction intertwined with hope of the insurmountable obstacles and fierce determination all playing out on the plates of ordinary Americans It s a bold invitation to pull up a chair and reconsider our responsibilities to the most vulnerable among us

Welcome to the table      **Data, Algorithms and Policies** Mario Cimoli,2018      **Ask Your Developer** Jeff

Lawson,2021-01-12 Jeff Lawson developer turned CEO of Twilio one of Bloomberg Businessweek s Top 50 Companies to Watch in 2021 creates a new playbook for unleashing the full potential of software developers in any organization showing how to help management utilize this coveted and valuable workforce to enable growth solve a wide range of business problems and drive digital transformation From banking and retail to insurance and finance every industry is turning digital and every company needs the best software to win the hearts and minds of customers The landscape has shifted from the classic build vs buy question to one of build vs die Companies have to get this right to survive But how do they make this transition Software developers are sought after highly paid and desperately needed to compete in the modern digital economy Yet most companies treat them like digital factory workers without really understanding how to unleash their full potential Lawson argues that developers are the creative workforce who can solve major business problems and create hit products for customers not just grind through rote tasks From Google and Amazon to one person online software companies companies that bring software developers in as partners are winning Lawson shows how leaders who build industry changing software products consistently do three things well First they understand why software developers matter more than ever Second they understand developers and know how to motivate them And third they invest in their developers success As a software developer and public company CEO Lawson uses his unique position to bridge the language and tools executives use with the unique culture of high performing creative software developers Ask Your Developer is a toolkit to help business leaders product managers technical leaders software developers and executives achieve their common goal building great digital products and experiences How to compete in the digital economy In short Ask Your Developer      **Entrepreneurship** Andrew Zacharakis,Andrew C. **Statistics** Robin H. Lock, Patti Frazer Lock, Kari Lock Morgan, Eric F. Lock, Dennis F. Lock, 2021-02-01 Statistics Unlocking the Power of Data 3rd Edition is designed for an introductory statistics course focusing on data analysis with real world applications Students use simulation methods to effectively collect analyze and interpret data to draw conclusions Randomization and bootstrap interval methods introduce the fundamentals of statistical inference bringing concepts to life through authentically relevant examples More traditional methods like t tests chi square tests etc are introduced after students have developed a strong intuitive understanding of inference through randomization methods While any popular statistical software package may be used the authors have created StatKey to perform simulations using data sets and examples from the text A variety of videos activities and a modular chapter on probability are adaptable to many classroom formats and approaches

**The Last Line of Defense** Eric Schmitt, 2025-08-19 A NEW YORK TIMES BESTSELLER My good friend Eric Schmitt former Attorney General and now Senator from the GREAT State of Missouri has a wonderful new book just out entitled The Last Line of Defense How to Beat the Left in Court Eric is a FIGHTER who beat back Biden's disastrous Policies as A G and in the U S Senate has been working hard to defend our America First Agenda from the Radical Left Get your copy today President

Donald Trump One of the Senate's leading conservatives reveals the key approaches needed for the Right to triumph over liberal lawyers and out of control judges When Joe Biden took office Eric Schmitt had been attorney general for just over two years and had been focused on tackling violent crime As soon as he began to see the outrageous excesses of the Biden Administration he and his team snapped into action waging war on the Biden regimes stunning attempts at government overreach winning some of the most important fights in modern American history helping set the stage for a return to commonsense in government Now in *The Last Line of Defense* Senator Schmitt takes readers behind the scenes of those battles for the first time talks about the lessons learned and how conservatives can keep winning in court and beyond He takes you inside some of his biggest wins against Mask mandates and vaccine mandates Student debt forgiveness Restrictions on Second Amendment rights Soros backed prosecutors Woke ideology in our schools Open borders Attacks on free speech The weaponization of government agencies With President Trump back in office and the Left fighting him at every turn it's more important than ever to remember just how close we came to losing it all and why we need to keep playing to win

**The Lonely Hunter** Aimée Lutkin, 2022-02-03 A COSMOPOLITAN BEST NON FICTION BOOK OF 2022 More people are single today than ever before Yet in a world where romantic love still reigns the stories we tell ourselves haven't kept up *The Lonely Hunter* explores the rise of singledom the realities of loneliness and whether it is possible to live contentedly alone So what's going on in your love life An innocent question at a dinner party prompted Aimée Lutkin to finally tell the truth it was six years since her last relationship and she suspected it would be better to accept the life she had a life she liked very much rather than keep searching But Lutkin's answer was met with uproar surely she couldn't give up on love So she threw herself into dating going on two dates every week Documenting her experiences Lutkin explores the reality of sexual relationships today and reveals how the cultural messages we receive shape our expectations of love From weird Tinder hookups to the way the self care industry capitalises on our fear of being alone to the complexities of queer dating and the truth about the loneliness epidemic she uses her experiences to fearlessly tell a wider story about how we love now

**Dying for a Paycheck** Jeffrey Pfeffer, 2018-03-20 In one survey 61 percent of employees said that workplace stress had made them sick and 7 percent said they had actually been hospitalized Job stress costs US employers more than 300 billion annually and may cause 120 000 excess deaths each year In China 1 million people a year may be dying from overwork People are literally dying for a paycheck And it needs to stop In this timely provocative book Jeffrey Pfeffer contends that many modern management commonalities such as long work hours work family conflict and economic insecurity are toxic to employees hurting engagement increasing turnover and destroying people's physical and emotional health and also inimical to company performance He argues that human sustainability should be as important as environmental stewardship You don't have to do a physically dangerous job to confront a health destroying possibly life threatening workplace Just ask the manager in a senior finance role whose immense workload once handled by several employees required frequent all nighters

leading to alcohol and drug addiction Or the dedicated news media producer whose commitment to getting the story resulted in a sixty pound weight gain thanks to having no down time to eat properly or exercise Or the marketing professional prescribed antidepressants a week after joining her employer In *Dying for a Paycheck* Jeffrey Pfeffer marshals a vast trove of evidence and numerous examples from all over the world to expose the infuriating truth about modern work life even as organizations allow management practices that literally sicken and kill their employees those policies do not enhance productivity or the bottom line thereby creating a lose lose situation Exploring a range of important topics including layoffs health insurance work family conflict work hours job autonomy and why people remain in toxic environments Pfeffer offers guidance and practical solutions all of us employees employers and the government can use to enhance workplace wellbeing We must wake up to the dangers and enormous costs of today's workplace Pfeffer argues *Dying for a Paycheck* is a clarion call for a social movement focused on human sustainability Pfeffer makes clear that the environment we work in is just as important as the one we live in and with this urgent book he opens our eyes and shows how we can make our workplaces healthier and better

*What Drives You: How to Discover Your Unique Motivators and Accelerate Growth in Work and Life*
