Empirical Studies of an Internet and Service Based Economy

Nabaz T. Khayyat,Goran M. Muhamad,2023-07-07 This book is a collection of eight studies covering several areas pertinent to the current technological and banking services situation in the Kurdistan region of Iraq The economy of the Kurdistan Region of Iraq KRI is mainly dependent on oil revenue The oil export revenue constitutes more than 90% of the government s fiscal revenue In addition to that the public sector plays an excessive role in the economy with public spending to GDP being over 70% while revenue from taxation constitutes less than 30% of total revenue As the economy is not diversified there is a large gap between demand and supply of locally produced tradeable goods leaving the KRI economy highly dependent on imports Another structural challenge of the KRI economy is its dependence on cash and a weekly financial system Although the region has witnessed extraordinary economic growth from 2008 to 2014 the growth rate decreased from 8 to 1 percent trade and investment dropped to 5 percent and the unemployment rate significantly increased to over 20% by the end of the year 2019 To maintain the progress of economic development it is necessary to upgrade the country s industrial structure in order to be able to generate more value added products which requires advancement in technological infrastructure to employ more sophisticated technologies There is not much written about Kurdistan and its economy and yet there is a comprehensive development plan and resources to be used for education research rehabilitation development and reconstruction As such this book would be of interest to researchers decision makers governmental and non governmental organizations undergraduate and graduate students and the general public with an interest in the Middle East and contemporary Kurdish issues It is a good up to date handbook for policymakers and NGOs involved in the rehabilitation reconstruction and development of Iraq

The Publishers Weekly ,2008 **Proceedings of the ACM Workshop on Privacy in the Electronic Society** ,2005 **Using Emerging Technologies to Enhance Student Engagement** Reynol Junco,Dianne M. Timm,2008 Today s college students have never known a time when personal computers did not exist They attended K 12 schools where most of their classrooms were equipped with computers Information technology has always been part of their learning process not to mention the impact it

has had on the development of their friendships research and writing skills shopping and choice of college or university to attend They expect that institutions of higher education will respond to their inquiries without delay much in the same way that customer service is handled on the Web Student expectations are driving the creation of live Web chats in house social networking sites university wiki and shared virtual spaces Unfortunately higher education faculty and staff in general and student affairs professionals in particular are behind the curve in their use of information technology Student affairs professionals are only starting to become aware that they should learn about the technologies that students have already integrated into their lives It is imperative that student affairs professions understand these technologies and learn how to implement them to enhance student learning build a sense of community increase student engagement facilitate communication This volume examines recent research on how information technology is affecting college student development and explores ways in which institutions are responding to increased demands for using emerging technology in supporting students This is the 124th volume of the Jossey Bass quarterly report series New Directions for Student Services an indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals Each issue of New Directions for Student Services offers guidelines and programs for aiding students in their total development emotional social physical and intellectual
