The Power of Customer Experience Martin Newman,2021-05-03 Having a customer centric business model has evolved from being a nice to have to a must have for any organization A focus on products and services alone is no longer enough to outstrip the competition In the current digital ecosystem consumers can instantly compare products prices and services with the touch of a button from the comfort of their home Therefore every organization must now focus on their overall customer experience to achieve the tricky but imperative balance between efficiency and personalization In The Power of Customer Experience Martin Newman presents clear data that proves the direct link between customer centricity with profit and shareholder value Drawing on examples from well known companies like JD Sports Delta Airlines Lego Selfridges BMW Hilton Deliveroo and Uber it analyses how organizations provide the most effective customer experience and reveals the strategies that have allowed them to succeed Featuring tips and tools throughout it will enable readers to understand the impact of customer centricity on some of the best known brands to gain invaluable insights that can be used to grow emerging brands and revitalize existing brands

Value-Based Pricing: Drive Sales and Boost Your Bottom Line by Creating, Communicating and Capturing Customer Value Harry Macdivitt, Mike Wilkinson, 2011-10-17 A Groundbreaking Pricing Model for the New Business Landscape Why would any customer choose Brand X over Brand Y regardless of price In a word Value When customers feel they are getting good value from your product or service they are more than happy to pay more which is good news for you and your business Even in today's global market with its aggressive competitors low cost commodities savvy consumers and intangible digital offerings you can outsell and outperform the rest using Value Based Pricing Done correctly this method of pricing and selling helps you Understand your customers wants and needs Focus on what makes your company different Quantify your differences and

build a value based strategy Communicate your value directly to your customers Now more than ever it is essential for you to reexamine the reality of the value you offer customers and this step by step program shows you how Developed by global consultants Harry Macdivitt and Mike Wilkinson Value Based Pricing identifies three basic elements of the Value Triad revenue gain cost reduction and emotional contribution By delivering these core values to your customers through marketing selling negotiation and pricing you can expect an increase in profits productivity and consumer goodwill These are the same value based strategies used by major companies such as Philips Alstom Siemens and Virgin Mobile And when it comes to today's more intangible markets such as consulting services or digital properties like e books and music files these value based strategies are more important than ever So forget about your old pricing methods based on costs and competition Once you know your own value and how to communicate it to others everybody profits
