Susan Kare designed those first icons for Macs. Macs began to be networked back when the Mac was launched; computer networking was exotic and pricey but even then Macs could be easily connected to each other. HyperCard partly inspired the Web. The HyperCard was created by Bill Atkinson in 1987. Through this app anyone could create on-screen cards with hyperlinks, images, or texts. The Mac laptop is advanced right out of the box; it comes with many basic tools such as calendar, management, email, etc. However, there is another world of powerful software for Apple Mac that will make complicated tasks easier. Although most of them are not free, they only cost a few bucks and they are well worth it. Here are some of the best.
