## **Metis Race Recognition And The Struggle For Indigenous Peoplehood:**

"Métis" Chris Andersen,2021      **Métis** Chris Andersen,2014-04-21 Ask any Canadian what M tis means and they will likely say mixed race Canadians consider M tis mixed in ways that other Indigenous people are not and the census and courts have premised their recognition of M tis status on this race based understanding Andersen argues that Canada got it wrong From its roots deep in the colonial past the idea of M tis as mixed has slowly pervaded the Canadian consciousness until it settled in the realm of common sense In the process M tis has become a racial category rather than the identity of an Indigenous people with a shared sense of history and culture      **Walking This Path Together, 3rd Edition** Gwendolyn Gosek,2025-04-29T00:00:00Z Canadian child welfare policies and practices have been central to maintaining a settler colonial nation by controlling and managing the childhoods and future lives of children While ostensibly grounded in the best interests of the child child welfare policies and practices far too often make the lives of young people more precarious because they are stratified along race and class lines rather than caring for their wellbeing There have been dire consequences for Indigenous communities but also for Black newcomer non citizen and poor people who are also disproportionately the primary focus of child welfare The contributors to this book reveal these unjust conditions so that workers can contribute to the ongoing transformation of child welfare to facilitate child wellbeing The third edition of *Walking This Path Together* continues the transformative vision of the first two editions and charts a new way forward There are several new chapters and authors who focus on M tis kinship protocols family group conferencing decolonizing child welfare and the criminalization of newcomers refugee children and Indigenous youth in care They demonstrate how to bring forward transformative practices to moving child welfare into a truly new decolonial era This transformative vision is the path that we are walking      *Settler Colonial Ways of Seeing* Danielle Taschereau Mamers,2023-12-05 An innovative analysis of Indigenous strategies for overcoming the settler state How do bureaucratic documents create and reproduce a state s capacity to see What kinds of worlds do documents help create Further how might such documentary practices and settler colonial ways of seeing be refused *Settler Colonial Ways of Seeing* investigates how the Canadian state has used documents lists and databases to generate make visible and invisible Indigenous identity With an archive of legislative documents registration forms identity cards and reports Danielle Taschereau Mamers traces the political and media history of Indian status in Canada demonstrating how paperwork has been used by the state to materialize identity categories in the service of colonial governance Her analysis of bureaucratic artifacts is led by the interventions of Indigenous artists including Robert Houle Nadia Myre Cheryl L Hirondele and Rebecca Belmore Bringing together media theories of documentation and the strategies of these artists *Settler Colonial Ways of Seeing* develops a method for identifying how bureaucratic documents mediate power relations as well as how those relations may be disobeyed and re imagined By integrating art led inquiry with media theory and settler colonial studies approaches Taschereau Mamers offers a political and media history of the

documents that have reproduced Indian status More importantly she provides us with an innovative guide for using art as a method of theorizing decolonial political relations This is a crucial book for any reader interested in the intersection of state archives settler colonial studies and visual culture in the context of Canada s complex and violent relationship with Indigenous peoples     *Eastern Métis* Michel Bouchard,Sébastien Malette,Siomonn Pulla,2021-03-01 In *Eastern Métis* Michel Bouchard Sébastien Malette and Siomonn Pulla demonstrate the historical and social evidence for the origins and continued existence of Métis communities across Ontario Quebec and the Canadian Maritimes as well as the West Contributors to this edited collection explore archival and historical records that challenge narratives which exclude the possibility of Métis communities and identities in central and eastern Canada Taking a continental rhizomatic approach this book provides a rich and nuanced view of what it means to be Métis     **Distorted Descent** Darryl Leroux,2019-09-20 *Distorted Descent* examines a social phenomenon that has taken off in the twenty first century otherwise white French descendant settlers in Canada shifting into a self defined Indigenous identity This study is not about individuals who have been dispossessed by colonial policies or the multi generational efforts to reconnect that occur in response Rather it is about white French descendant people discovering an Indigenous ancestor born 300 to 375 years ago through genealogy and using that ancestor as the sole basis for an eventual shift into an Indigenous identity today After setting out the most common genealogical practices that facilitate race shifting Leroux examines two of the most prominent self identified Indigenous organizations currently operating in Quebec Both organizations have their origins in committed opposition to Indigenous land and territorial negotiations and both encourage the use of suspect genealogical practices *Distorted Descent* brings to light to how these claims to an Indigenous identity are then used politically to oppose actual living Indigenous peoples exposing along the way the shifting politics of whiteness white settler colonialism and white supremacy     Extracting Home in the Oil Sands Clinton Westman,Tara Joly,Lena Gross,2019-12-06 The Canadian oil sands are one of the world s most important energy sources and the subject of global attention in relation to climate change and pollution This volume engages ethnographically with key issues concerning the oil sands by working from anthropological literature and beyond to explore how people struggle to make and hold on to diverse senses of home in the region The contributors draw on diverse fieldwork experiences with communities in Alberta that are affected by the oil sands industry Through a series of case studies they illuminate the complexities inherent in the entanglements of race class Indigeneity gender and ontological concerns in a regional context characterized by extreme extraction The chapters are unified in a common concern for ethnographically theorizing settler colonialism sentient landscapes and multispecies relations within a critical political ecology framework and by the prominent role that extractive industries play in shaping new relations between Indigenous Peoples the state newcomers corporations plants animals and the land     *Rekindling the Sacred Fire* Chantal Fiola,2015-04-17 Why don t more Métis people go to traditional ceremonies How does going to ceremonies impact Métis identity In *Rekindling the Sacred Fire* Chantal Fiola

investigates the relationship between Red River Métis ancestry, Anishinaabe spirituality and identity, bringing into focus the ongoing historical impacts of colonization upon Métis relationships with spirituality on the Canadian prairies. Using a methodology rooted in an Indigenous world view, Fiola interviews eighteen people with Métis ancestry or an historic familial connection to the Red River Métis who participate in Anishinaabe ceremonies, sharing stories about family history, self-identification and their relationships with Aboriginal and EuroCanadian cultures and spiritualities. *It's Nation Time* Jerry White, 2024-10-01

Speaking at the Congress of African People in September 1970, Amiri Baraka said, "In Newark when we greet each other on the streets we say what time is it. We always say 'It's nation time.' Nationalism is about land and nation, a way of life, trying to free itself. National identity and nationhood are too often easily dismissed as retrograde populism or racist exclusion. Instead, they need to be understood as a key part of a vision of globalization that holds the imperatives of diversity and solidarity in a delicate balance." Jerry White offers a defence of the nation based on the assumption that struggles for national identity have often unfolded in ways that should be familiar to those who defend the political standpoint of the progressive left. Having evolved into something that a wide variety of actors have sought to defend, nations can also serve as a defence against the homogenizing forces of globalization and as havens of diversity in opposition to more singularly minded forms of affiliation. *It's Nation Time* is structured as a series of specific case studies that speak to theories of nation and their historical and cultural manifestations. It includes examples as varied as Black nationalism, Simone Weil's hopes for a postwar France, the first independence period of Georgia, the Bollywood cinema of Nehru-era India, and small or stateless nations such as New Zealand, Quebec, Ireland, Catalonia, the Métis, the Mohawk, and the Inuit, to argue that nationalism is a social form that has much potential and life in it. Broadly internationalist but also deeply insightful about the particular cultures and politics of small nations, *It's Nation Time* defends an idea of nation and a form of nationalism that are rooted in the potential for diversity, flexibility, and progressive politics. *Sources and Methods in Indigenous Studies* Chris Andersen, Jean M. O'Brien, 2016-12-19

*Sources and Methods in Indigenous Studies* is a synthesis of changes and innovations in methodologies in Indigenous Studies, focusing on sources over a broad chronological and geographical range. Written by a group of highly respected Indigenous Studies scholars from across an array of disciplines, this collection offers insight into the methodological approaches contributors take to research and how these methods have developed in recent years. The book has a two-part structure that looks firstly at the theoretical and disciplinary movement of Indigenous Studies within history, literature, anthropology, and the social sciences. Chapters in this section reveal that while engaging with other disciplines, Indigenous Studies has forged its own intellectual path by borrowing and innovating from other fields. In part two, the book examines the many different areas with which sources for indigenous history have been engaged, including the importance of family, gender, feminism, and sexuality, as well as various elements of expressive culture such as material culture, literature, and museums. Together, the chapters offer readers an overview of the dynamic state of the field in

Indigenous Studies This book shines a spotlight on the ways in which scholarship is transforming Indigenous Studies in methodologically innovative and exciting ways and will be essential reading for students and scholars in the field Daniels v. Canada Nathalie Kermoal, Chris Andersen, 2021-04-23 In Daniels v Canada the Supreme Court determined that Métis and non status Indians were Indians under section 91 24 of the Constitution Act 1867 one of a number of court victories that has powerfully shaped Métis relationships with the federal government However the decision and the case continues to reverberate far beyond its immediate policy implications Bringing together scholars and practitioners from a wide array of professional contexts this volume demonstrates the power of Supreme Court of Canada cases to directly and indirectly shape our conversations about and conceptions of what Indigeneity is what its boundaries are and what Canadians believe Indigenous peoples are owed Attention to Daniels v Canada s variegated impacts also demonstrates the extent to which the power of the courts extend and refract far deeper and into a much wider array of social arenas than we often give them credit for This volume demonstrates the importance of understanding law beyond its jurisprudential manifestations but it also points to the central importance of respecting the power of court cases in how law is carried out in a liberal nation state such as Canada

**The Struggle for Recognition** Manitoba Métis Federation, 1991 Traces the efforts of the Métis to develop their own legal system in the colonial context of western Canada and documents the present day impact of the legal system on the Métis people Includes an update of the evidence presented to the Aboriginal Justice Inquiry by the Manitoba Métis Federation in 1989

**A People and a Nation** Jennifer Adese, Chris Andersen, 2021-03-01 In A People and a Nation the authors most of whom are themselves Métis offer readers a set of lenses through which to consider the complexity of historical and contemporary Métis nationhood and peoplehood The field of Métis Studies has been afflicted by a longstanding tendency to situate Métis within deeply racialized contexts and or by an overwhelming focus on the nineteenth century This volume challenges the pervasive racialization of Métis studies with multidisciplinary chapters on identity history politics literature spirituality religion and kinship networks reorienting the conversation toward Métis experiences today In the process this timely collection dismantles the narrow notions that continue to shape political legal and social understanding of Métis existence and convincingly demonstrates a more robust approach to Métis studies that centres Métis peoplehood and nationhood

**We are Métis** Duke Redbird, Ontario Métis & Non-Status Indian Association, 1980 Written from a Métis point of view the book narrates Métis history mid 1600 s to present and recalls the people s struggle for aboriginal rights and recognition of the Canadian confederation Historical accounts include a brief description of the Métis establishment of the Selkirk Settlement by the Hudson Bay Company western movement and settlement of Canada organization of the National Committee of the Métis of the Red River formed by Louis Riel influences of Métis leaders Louis Riel and Gabriel Dumont implementation of federal legislation Manitoba Act and Indian Act and formation of the National Indian Council and implications of Red Power Facts pertaining to aboriginal rights and land claims are explored in one chapter A description of

**The North-West Is Our Mother** Jean Teillet, 2021-09-14 There is a missing chapter in the narrative of Canada s Indigenous peoples the story of the M tis Nation a new Indigenous people descended from both First Nations and Europeans Their story begins in the last decade of the eighteenth century in the Canadian North West Within twenty years the M tis proclaimed themselves a nation and won their first battle Within forty years they were famous throughout North America for their military skills their nomadic life and their buffalo hunts The M tis Nation didn t just drift slowly into the Canadian consciousness in the early 1800s it burst onto the scene fully formed The M tis were flamboyant defiant loud and definitely not noble savages They were nomads with a very different way of being in the world always on the move very much in the moment passionate and fierce They were romantics and visionaries with big dreams They battled continuously for recognition for their lands and for their rights and freedoms In 1870 and 1885 led by the iconic Louis Riel they fought back when Canada took their lands These acts of resistance became defining moments in Canadian history with implications that reverberate to this day Western alienation Indigenous rights and the French English divide After being defeated at the Battle of Batoche in 1885 the M tis lived in hiding for twenty years But early in the twentieth century they determined to hide no more and began a long successful fight back into the Canadian consciousness The M tis people are now recognized in Canada as a distinct Indigenous nation Written by the great grandniece of Louis Riel this popular and engaging history of forgotten
