**Through the Arch** Larry B. Dendy, 2013 *Through the Arch* captures UGA's colorful past, dynamic present, and promising future in a novel way by surveying its buildings, structures, and spaces. These physical features are the university's most visible and some of its most valuable resources. Yet they are largely overlooked or treated only passingly in histories and standard publications about UGA. Through text and photographs, this book places buildings and spaces in the context of UGA's development over more than 225 years. After opening with a brief historical overview of the university, the book profiles over 140 buildings, landmarks, and spaces, their history, appearance, and past and current usage, as well as their namesake beginning with the oldest structures on North Campus and progressing to the newest facilities on South and East Campus and the emerging Northwest Quadrant. Many profiles are supplemented with sidebars relating traditions, lore, facts, or alumni recollections associated with buildings and spaces. More than just landmarks or static elements of infrastructure, buildings and spaces embody the university's values, cultural heritage, and educational purpose. These facilities, many more than a century old, are where students learn, explore, and grow, and where faculty teach, research, and create. They harbor the university's history and traditions, protect its treasures, and hold memories for alumni. The repository for books, documents, artifacts, and tools that contain and convey much of the accumulated knowledge and wisdom of human existence, these structures are the legacy of generations. And they are tangible symbols of UGA's commitment to improve our world through education. Guide includes 113 color photos throughout, 19 black and white historical photos, Over 140 profiles of buildings, landmarks, and spaces. Supplemental sidebars with traditions, lore, facts, and alumni anecdotes, 6 maps.

**A Gamecock Odyssey** Alan Piercy, 2023-11-14 *Meet the coaches, athletes, and notable characters that laid the foundation for today's Gamecock Nation.* The summer of 1971 was especially hot in Columbia, and not just because of the weather. It was that year that a long simmering conflict between the University of South Carolina and the Atlantic Coast Conference (ACC) reached the point of boiling over. Frustrations over the ACC's recruiting and admission standards and growing pressure from influential athletics director and head football coach Paul Dietzel led the board of trustees to cast a vote in favor of leaving the conference that USC had helped to found eighteen years earlier. This vote would mark the beginning of a new independent era of Gamecock athletics, but few at the time could have imagined the resulting twenty-year odyssey. *In A Gamecock Odyssey: University of South Carolina Sports in the Independent Era*, Alan Piercy chronicles the significant events and describes the larger-than-life characters of the years following the university's departure from the ACC. The University of South Carolina experienced some of the highest highs and lowest lows in its athletics history. Tales of interpersonal clashes between football head coach Paul Dietzel and men's basketball head coach Frank McGuire, the rise and fall of women's basketball coach Pam Parsons, George Rogers and his magical Heisman Trophy-winning season, the birth of USC's beloved mascot Cocky, and other USC sports stories converge, stirring feelings of amusement, nostalgia, and pride. With colorful storytelling and Gamecock
