Essential Subject Knowledge for Primary Teaching Nasreen Majid, 2023-03-25 As a trainee teacher you have a huge amount to grapple with when it comes to developing expertise in the suite of subjects within the primary national curriculum Subject knowledge cannot be developed in isolation it must relate to the curriculum knowledge and pedagogical knowledge enabling ways to teach the subject with confidence This book takes you through a journey of the national curriculum supporting you to think about each subject's positioning within the national curriculum the subject knowledge you need to know and how to teach each subject in a creative way Highlighting the importance of diversity equity and inclusion across all chapters this book enables new teachers to bring new voices and perspectives to the classroom It includes Key subject knowledge Examples of sequenced lessons Classroom ideas Links to further learning and subject associations A chapter exploring the subject knowledge needed to teach sustainability and climate change

The

Professional Development of Teachers: Practice and Theory Philip Adey, 2004-03-31 Hopkins Bruce Joyce Michael Huberman Matthew Miles and Virginia Richardson But we have chosen to present our own experience and empirical data first and then in Part 3 to show how this experience and data relates to models which have been proposed by others We will address here methodological issues concerned with collecting and interpreting evidence of relationships amongst the many individual and situational factors associated with PD and re visit the arguments about process product research on PD In the light of our experience we will interrogate models of PD which have been proposed by others and attempt to move forward our total understanding of the process of the professional development of teachers for educational change In conclusion we will look at some current national practice in professional development concentrating on the recent English experience of introducing strategies into schools but referring also by way of contrast to the situation in the United States

WHAT S THE PROBLEM

Why has the professional development of teachers already exercised so many good minds for so long And how can we justify adding another book to this field The answer to both questions must lie in the continuing demand from society in general at least as interpreted by politicians and newspaper editors for improvements in the quality of education
