Lineage to become the 18th heir holder and transmitter of the lineage Wang Liping's arduous training was described in the book *Opening the Dragon Gate: The Making of a Modern Taoist Wizard*. Wang Liping began teaching publicly in 1985. Since then he has trained many students throughout China and abroad. He continues to live in China and teach. Nathan has been teaching Chinese internal arts for over twenty years. He began Taoist practice in 1997, immersing himself in Taoist temple arts, martial arts, meditation, internal work, neigong, energy work, qigong, and internal alchemy. For several years, Nathan lived in China and trained full time with a number of masters as well as learning Mandarin Chinese. After China, Nathan returned to Canada to pursue academic study of Taoism where he received a BA in Asian Languages and Culture and worked towards an MA at the University of British Columbia, extending his knowledge of Classical Chinese and the Taoist canon. After meeting Wang Liping, Nathan left graduate school and devoted himself wholly to learning Taoist alchemy. Wang Liping authorized Nathan to teach in 2015. Nathan now leads regular workshops in Vancouver, Canada, as well as internationally.

Daoist China: Governance, Economy, Culture (Livia Kohn, 2018) Traveling in China today and walking about in various cities, it is easy to observe the continued unbridled construction of huge megalithic high rise complexes in vast stretches of the country, complete with the untrammeled despoiling of nature and intensification of pollution as well as the ever increasing vibrancy of the Chinese people, glued to their cell phones and actively connected online, always moving about and hustling for yet another deal. At the same time, using the internet without a VPN and talking to academics at various universities, it becomes obvious that there is a massive increase in repressive measures by the state, the tightening of the intellectual control of both content and expression, the fluctuating inaccessibility of information sources that used to be perfectly fine. What the question arises is: going on here? Where China stands today and where is it headed from here? And what in all of this is the role and place of Daoism? These sixty vignettes on Daoist China present different aspects of life in China in each case, describing the current situation and connecting it to the role and changing facets of Daoism today, focusing in turn on dimensions of governance, economics and culture.
