Opening the Pandora'S Box of Religion Anthony Joseph,2012-11-26 Opening Pandoras Box is an essay inspired by the horrible deeds of terrorists on 9 11 2001 It is a personal investigation into the nature of the worlds great religions their positive and negative traits The authors conclusion is that of the three or four most influential spiritual geniuses of the last four thousand years would include Krishna Moses Buddha and Jesusthose that had spiritually developed adherents especially in meditation urged their students to become like them rather than simply follow a belief system These teachers gave their students at whatever level of development exercises to lessen and evaporate their ego consciousness and eventually to become one with the universe or Godor any word you wish to apply I think Jesus did teach this also but early Christianity turned away from it to become an institution and to seek converts Unquestionably an institution can do great spiritual good in regards to outreach but mystical developments must come from a one on one teacher basis The farther away from this oneness goal the more likely to be mistaken about it since the larger the ego the more self oriented it will be and the more likely it will be wrongnot only about the goal itself but also about the process Being simply a student I am talking about these things as a student and urge my readers to investigate all this for themselves Anthony Joseph *Opening the Pandora's Box of Religion - The Wisdom of Kleoth* Anthony Joseph,Miriam,2020-04-03 Opening Pandora s Box is an essay inspired by the horrible deeds of terrorists on 9 11 2001 It is a personal investigation into the nature of the world s great religions their positive and negative traits The author s conclusion is that of the three or four most influential spiritual geniuses of the last four thousand years would include Krishna Moses Buddha and Jesus those that had spiritually developed adherents especially in meditation urged their students to become like them rather than simply follow a belief system These teachers gave their students at whatever level of development exercises to lessen and evaporate their ego consciousness and eventually to become one with the universe or God or any word you wish to apply I think Jesus did teach this also but early Christianity turned away from it to become an institution and to seek converts Unquestionably an institution can do great spiritual good in regards to outreach but mystical developments must come from a one on one teacher basis The farther away from this oneness goal the more likely to be mistaken about it since the larger the ego the more self oriented it will be and the more likely it will be wrong not only about the goal itself but also about the process Being simply a student I am talking about these things as a student and urge my readers to investigate all this for themselves Anthony Joseph The Wisdom of Kleoth These materials were channeled and received over a period of two and a half years The main spirit guide giving them is known as Kleoth In his graciousness he has consented to send us the information presented completely from his exalted dimension This book is a sample of work in progress taken from the beginning section of his transmissions *Opening the Pandora's Box of Religion* Anthony Newman-Miriam,2023-02-16 HIDDEN MYSTERIES OF BUDDHISM First explained by the author then the text of secret text of Kleoth channelled by Miriam **Unitarian Review and Religious Magazine** Charles
