## **The African Jihad** Gregory Alonso Pirio,2007

A fascinating examination of the efforts by international jihadists to bring about their grand vision of Islamist hegemony in the greater Horn of Africa region which began with the collaboration between Al Qaeda and the National Islamic Front government of Sudan Dr Pirio demonstrates how a faction within Somalia's Islamic Courts movement with historic ties to Al Qaeda came to dominate the Islamic Courts movement and threaten wider regional insecurity and the expansion of the Middle East conflict into Africa

Ekici,Richard Warnes,2016-02-15 Terrorism is not a new phenomenon but almost all communities regardless of ethnicity

religion social status or location are now increasingly facing the challenge of terrorist threat What makes a terrorist organization attractive to some citizens A better understanding of the reasons why individuals choose to join terror groups may well enhance efforts to disrupt the recruitment process of terrorist organizations and thereby support current and future counter terrorism initiatives This book presents the proceedings of the NATO Advanced Research Workshop Countering Terrorist Recruitment in the Context of Armed Counter Terrorism Operations held in Antalya Turkey in May 2015 The goal of the workshop was to share existing ideas and develop new ones to tackle terrorist recruitment The book contains 18 articles covering topics which include the role of NATO and other international entities in counter terrorism understanding recruitment methods and socialization techniques of terror networks by comparing them to gangs social media in terrorist recruitment drug money links with terrorist financing and counter terrorism and human rights The book will be of interest to all those involved in developing planning and executing prevention programs and policies in relation to both armed and non armed counter terrorism operations **The Canons of Jihad** Jim Lacey,2008 As jihadist cadres begin to rebuild Lacey notes that they are turning once again to their original thinkers to justify their actions Jacket **The Jihad Juggernaut** ,2005 Contributed articles and extracts from various websites and journals **Harvard Asia Quarterly** ,2001 **The Colourful of Islamic Studies** ,2019 *New Political Religions, Or an Analysis of Modern Terrorism* Barry Cooper,2004-07-07 Barry Cooper applies the insights of German philosopher Eric Voegelin to the phenomenon of modern terrorism pointing out that the chief omission from most contemporary studies of terrorism is an analysis of the spiritual motivation that is central to the actions of terrorists today **The Islamic Theory of Jihād and the International System** Md Moniruzzaman,1999
