## **Passing The Buck How To Avoid The 3rd Generation Wealth Trap:**

*Passing the Buck* Simon Bloom, 2016-01-01 The idea of the three generation wealth trap is ingrained in our culture. The notion that the first generation makes it the second generation merely preserves and the third generation loses it is one which has achieved almost legendary status. But this pattern is by no means inevitable. With knowledge and careful planning it is possible to ensure that your descendants retain and build on their inheritance for many generations to come. This book will give you a greater understanding of the issues facing your family alongside a set of tools skills and strategies to ensure that you thrive rather than just survive both now and in the future. The Eleventh Commandment: Ejike R.

Egwuekwe, 2020-03-19 he exhorts against fraud. Here he scolds the opinion that even though Slave trade Scramble and Partition as well as Colonialism had come and gone the impact of those social vices are still being felt. He indicates that people still hide under the canopy and or shadow of such vices and use those as excuses for the socio politico economic problems ravaging our nations. He suggests that it is time to let go of the past and move forward. That it is time to divest ourselves of the spirit of atomism and imbibe ourselves with the spirit of collectivism and thereby work together towards identifying the various particles of problems that have thus far conglomerated in submerging our nations in economic backwardness. He strongly advocates that it is time to emancipate ourselves from mental encumbrances and thereby realize that we are the only ones who can save our nations from economic squalor. But he maintains that while he does not profess to have gotten all the right answers to our economic and socio politico anomalies the suggestions contained herein are a pointer in the right direction and only a mere attempt in that regard. **Blacks Greatest Homeland** Jubil Aka, 2006-06 In the last six years Nigeria has broken the grip of dictatorship poverty and corruption to emerge as one of Africa's most peaceful nations. A role model for other developing countries Nigeria now enjoys its position as a peace and power broker defying the odds of its past. Home to the world's greatest concentration of black people and led by President Olusegun Obasanjo Nigeria now enjoys economic prosperity and the fruits of democracy. But these successes were fraught with challenges. The denigration and stereotyping of black people created a constant barrier to change one that was not easily overcome. Dr Jubril Olabode Aka delivers a compelling portrayal of Nigeria focusing on the country's emerging force for tolerance and hope. Aka discusses such topics as peaceful conflict resolution Nigeria's foreign policy the government's success in eliminating fraud and corruption and the need to eradicate discrimination. Blacks Greatest Homeland examines Nigeria's history leadership and future offering an honest and positive look at the sweeping changes Nigeria has made in the last decade.
