Pastor Appreciation Day 2013:

Gods of the Smoke Machine Scott Latta, 2015-10-28 A harrowing look at a growing and in many ways unaccountable force in American political life Publishers Weekly We are entering a new era of religion in America For the first time fewer than half the country belongs to a church But within that group growing numbers are consolidating in megachurches which are amassing social and political power in our age of convenience and easy celebrity Megachurch pastors have never been more influential with media empires networks and entire colleges under their control But their churches have also never been more prone to abuse and hurt *Gods of the Smoke Machine* goes inside America's largest churches to uncover the hidden stories of trauma happening within our most powerful Christian institutions and meet the survivors attorneys and advocates fighting for accountability It is a cloaked world of sex power politics and money but also a human story of pain betrayal and resilience Combining personal storytelling and original reporting author Scott Latta pulls back the curtain on a dangerously insular institution of more than seventeen hundred churches nationwide that is answerable to almost no outside accountability Even those who have never set foot in a church can feel the implications of this societal shift Megachurch pastors were the kingmakers of Donald Trump and drove the rhetoric behind the January 6 attack on the US Capitol For decades they have crafted their own laws even as they fought to influence ours *Gods of the Smoke Machine* tells a sweeping story of those who commoditized our search for meaning into a machine that preserves privilege profit and power at the cost of those it wounds along the way

Righting America at the Creation Museum Susan L. Trollinger, William Vance Trollinger Jr., 2016-05-15 What does the popularity of the Creation Museum tell us about the appeal of the Christian right On May 28 2007 the Creation Museum opened in Petersburg Kentucky Aimed at scientifically demonstrating that the universe was created less than ten thousand years ago by a Judeo Christian god the museum is hugely popular attracting millions of visitors over the past eight years Surrounded by themed topiary gardens and a petting zoo with camel rides the site conjures up images of a religious Disneyland Inside visitors are met by dinosaurs at every turn and by a replica of the Garden of Eden that features the Tree of Life the serpent and Adam and Eve In *Righting America* at

the Creation Museum Susan L Trollinger and William Vance Trollinger Jr take readers on a fascinating tour of the museum The Trollingers vividly describe and analyze its vast array of exhibits placards dioramas and videos from the Culture in Crisis Room where videos depict sinful characters watching pornography or considering abortion to the Natural Selection Room where placards argue that natural selection doesn't lead to evolution The book also traces the rise of creationism and the history of fundamentalism in America This compelling book reveals that the Creation Museum is a remarkably complex phenomenon at once a natural history museum at odds with contemporary science an extended brief for the Bible as the literally true and errorless word of God and a powerful and unflinching argument on behalf of the Christian right **Chase's**
