Regimes of Value in Tourism Emilie Crossley, David Picard, 2017-10-02 Drawing from ethnographic work in five continents this book demonstrates how different regimes of value in tourism can coexist collide and compete across a varied geographic terrain Much theory in tourism economics defines value as a measure of monetary worth a concept governing commodity exchange and a gauge for tourist satisfaction The research included in this volume shows that tourism not only feeds off existing conceptions of value as a monetary category but that it is also instrumental in reproducing and reinforcing those subjective morally heightened and highly intangible values that make tourism and the tourism economy a complex social cultural political and psychological phenomenon The book pushes the debate about the tourism economy beyond a simplistic understanding of producer consumer relations instead suggesting a refocus on the social spatial and temporal lags in tourism production and the ensuing differentiated regimes of values This book was published as a special issue of the *Journal of Tourism and Cultural Change*

No Ordinary Disruption Richard Dobbs, James Manyika, Jonathan Woetzel, 2016-08-30 Our intuition on how the world works could well be wrong We are surprised when new competitors burst on the scene or businesses protected by large and deep moats find their defenses easily breached or vast new markets are conjured from nothing Trend lines resemble saw tooth mountain ridges The world not only feels different The data tell us it is

different Based on years of research by the directors of the McKinsey Global Institute No Ordinary Disruption The Four Forces Breaking all the Trends is a timely and important analysis of how we need to reset our intuition as a result of four forces colliding and transforming the global economy the rise of emerging markets the accelerating impact of technology on the natural forces of market competition an aging world population and accelerating flows of trade capital and people Our intuitions formed during a uniquely benign period for the world economy often termed the Great Moderation Asset prices were rising cost of capital was falling labour and resources were abundant and generation after generation was growing up more prosperous than their parents But the Great Moderation has gone The cost of capital may rise The price of everything from grain to steel may become more volatile The world s labor force could shrink Individuals particularly those with low job skills are at risk of growing up poorer than their parents What sets No Ordinary Disruption apart is depth of analysis combined with lively writing informed by surprising memorable insights that enable us to quickly grasp the disruptive forces at work For evidence of the shift to emerging markets consider the startling fact that by 2025 a single regional city in China Tianjin will have a GDP equal to that of the Sweden of that in the decades ahead half of the world s economic growth will come from 440 cities including Kumasi in Ghana or Santa Carina in Brazil that most executives today would be hard pressed to locate on a map What we are now seeing is no ordinary disruption but the new facts of business life facts that require executives and leaders at all levels to reset their operating assumptions and management intuition [Chase's Calendar of Events 2014](#) Editors of Chase's Calendar of Events,2013-10-04 As featured on The Today Show 12 500 entries 196 countries 365 days Find out what s going on any day of the year anywhere across the globe If you re looking to tie a promotional event to a special month create a suggested reading list based on a literary birth anniversary travel to a music festival halfway around the world blog about a historical milestone or do a celebrity birthday round up on your radio show or Twitterfeed Chase s Calendar of Events is the one resource that has it all For broadcasters journalists event planners public relations professionals librarians editors writers or simply the curious this is one reference you can t do without Chase s Calendar of Events 2014 brings you Major sporting events such as the Games of the XXII Winter Olympiad at Sochi Russia Feb 7 23 and the FIFA World Cup in Brazil June 12 July 13 Milestones such as the 450th birth anniversary of William Shakespeare the 200th anniversary of The Star Spangled Banner the 100th anniversaries of the beginning of World War I and the opening of the Panama Canal the 75th anniversary of the beginning of World War II the 50th anniversaries of the Civil Rights Act of 1964 and Beatlemania and much more New birthday entries for sports stars such as Mo Farah Mar 23 Ryan Lochte Aug 3 and Gabrielle Douglas Dec 31 actors such as Kerry Washington Jan 31 Lena Dunham May 13 and Mads Mikkelsen Nov 22 musical artists such as Carly Rae Jepsen Nov 21 and Psy Dec 31 and authors such as T a Obrecht Sept 30 and Ann Patchett Dec 2 and many others Special days such as National Ferret Day Apr 2 World Lindy Hop Day May 26 Extra Mile Day Nov 1 Lost and Found Day Dec 12 and more Search Chase s Any Way You Want Whether you want to target a specifi c date location
