Paul and his Recent Interpreters N.T Wright, 2015-09-17 This engaging companion volume to N T Wright s *Paul and the Faithfulness of God* is essential reading for all with a serious interest in Paul the interpretation of his letters his appropriation by subsequent thinkers and his continuing significance today In the course of this masterly survey Wright asks searching questions of all of the major contributions to Pauline studies since the early twentieth century *Paul and His Recent Interpreters* E. Earle Ellis, 2004-03-16 *Paul and his recent interpreters* Edward Earle Ellis, 1973 *Paul and his recent interpreters. (Second printing).* Edward Earle Ellis, 1967 **Paul and His Recent Interpreters** N. T. Wright, 2015-10-15 This companion volume to N T Wright s *Paul and the Faithfulness of God* and *Pauline Perspectives* is essential reading for all with a serious interest in Paul the interpretation of his letters his appropriation by subsequent thinkers and his continuing significance today In the course of this masterly survey Wright asks searching questions of all of the major contributors to Pauline studies since the Enlightenment *Israel's Law and the Church's Faith* Stephen Westerholm, 1988 Westerholm is admirably concerned to focus our attention on Pauls theology specifically on the theological issues that arose for the Apostle in his valiant attempt to assess the role of the law after the advent of Christ Beginning with an unusually mature account of the debate that is currently raging over Pauls understanding of the law Westerholm has provided an analysis of his own that will certainly claim the attention of all students of Paul the theologian J Louis Martyn This is the most clearly written and understandable treatment of the debate over the law in Pauline thought that I have seen Robert Jewett Westerholm has produced an illuminating engaging and refreshing book He sets forth the views of major interpreters of Paul with clarity and candor engages them and then makes proposals of his own which are both well considered and instructive The book is both interesting and informative a readers delight Arland J Hultgren **The Theology of the New Testament** George Barker Stevens, 1899 The Pastoral Epistles of St. Paul Charles John Ellicott, 1883 *Paul the Missionary* Eckhard J. Schnabel, 2008 Eckhard J Schnabel author of the monumental scholarly study *Early Christian Mission* 2 volumes gives us an overview of Paul s missionary practices strategies and methods and then weighs contemporary evangelical missiology and practice in light of Paul **Paul, the Law, and the Covenant** A. Andrew Das, 2001 The now familiar new perspective asserts that the covenantal nomism characteristic of second temple Judaism softened the Mosaic law s requirement of perfect obedience Because of God s gracious covenant with Israel manifested in election and the provision of atoning sacrifices one could be righteous under the law despite occasional failures to obey the law perfectly This view concludes that Paul as a first century Jew could not have been troubled by the law s stringent demands because it was generally understood that the gracious framework of the covenant provided a way of dealing with occasional lapses Consequently it is claimed Paul s problem with the law must have to do with its misuse as a means of enforcing ethnic boundaries and excluding Gentile believers However as Das demonstrates in this book whenever the gracious framework of covenantal nomism is called into

question the law's demands take on central importance. Das traces this development in a number of second temple Jewish works and especially in the writings of Paul. Covenantal nomism is probably an apt characterization of Paul's opponents and indeed of Paul's past life; thus he can assert that formerly he was blameless under the law. But now Paul sees God's grace as active only in Christ. He emphatically denies that God will show special grace in his judgment of Jews to do so would be favoritism. Similarly Paul sees no atoning benefit to the sacrificial system. In effect Paul is no longer a covenantal nomist. Since the gracious framework of the covenant has collapsed all that remains for Paul is the law with its oppressive requirement of perfect obedience and ethnic exclusivism. Contra the new perspective the works of the law should not be construed so narrowly as only the law's ethnic exclusivity. Christ is the end of the law in general both in the sense that he is the goal to which the law always pointed and in that he is the sole agent of God's grace apart from which the law's demands would be impossible.

**The Doctrine on Which the Church Stands or Falls (Foreword by D. A. Carson)** Matthew

Barrett, 2019-03-14 Many factors contributed to the Protestant Reformation but one of the most significant was the debate over the doctrine of justification by faith alone. In fact Martin Luther argued that justification is the doctrine on which the church stands or falls. This comprehensive volume of 26 essays from a host of scholars explores the doctrine of justification from the lenses of history, the Bible, theology and pastoral practice, revealing the enduring significance of this pillar of Protestant theology.
