Paul And His Opponents Pauline Studies

Stanley E. Porter

Paul And His Opponents Pauline Studies:

Paul and his Opponents Stanley E. Porter, 2005-11-01 Who were Paul's opponents? Were they one or were they many depending upon the church concerned? These questions continue to be of interest to Pauline and other New Testament scholars and are addressed in this volume of collected essays. Some of the essays are on specific books such as Galatians, the Corinthian letters and Romans while others treat broader issues in Paul's world. **Paul And His Opponents** Stanley E. Porter, 2005 Who were Paul's opponents? Were they one or were they many depending upon the church concerned? These questions continue to be of interest to Pauline and other New Testament scholars and are addressed in this volume of collected essays. Some of the essays are on specific books such as Galatians, the Corinthian letters and Romans while others treat broader issues in Paul's world. Dictionary of Paul and His Letters InterVarsity Press, 2023-04-11 In this thoroughly revised and updated edition of a classic reference work, topics like Christology, justification and hermeneutics receive careful treatment by trusted specialists. New topics like politics, patronage and different cultural perspectives expand the volume's breadth and usefulness for scholars, pastors and students today. Paul and His Theology Stanley E. Porter, 2006 In this collection of articles, legal scholars consider how Nietzsche's philosophical and rhetorical interventions illuminate the failures of contemporary legal theory. International Review of Biblical Studies, Volume 52 (2005-2006) Bernhard Lang, 2007-02-28 Formerly known by its subtitle *Internationale Zeitschriftenschau für Bibelwissenschaft und Grenzgebiete*, the *International Review of Biblical Studies* has served the scholarly community ever since its inception in the early 1950s. Each annual volume includes approximately 2,000 abstracts and summaries of articles and books that deal with the Bible and related literature, including the Dead Sea Scrolls, Pseudepigrapha, Non-canonical gospels and ancient Near Eastern writings. The abstracts, which may be in English, German or French, are arranged thematically under headings such as e.g. Genesis, Matthew, Greek language, text and textual criticism, exegetical methods and approaches, biblical theology, social and religious institutions, biblical personalities, history of Israel and early Judaism and so on. The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered. **Paul Unbound** Mark D. Given, 2022-06-24 As long as there are readers of Paul, there will always be other perspectives. The essays in this second edition of *Paul Unbound: Other Perspectives on the Apostle* provide introductions to Paul's relationship to and views on the Roman Empire, first-century economic stratification, his opponents, ethnicity, the law, Judaism, women and Greco-Roman rhetoric. Contributors: Warren Carter, Charles H. Cosgrove, A. Andrew Das, Steven J. Friesen, Mark D. Given, Deborah Krause, Mark D. Nanos and Jerry L. Sumney have added addendums to their original essays and updated the bibliography to take into account scholarship produced in the decade since the publication of the first edition. The collection provides essential background and sets out new directions for study useful to students of the New Testament and Paul's letters. *'Works of the Law' at Qumran and in Paul* Jacqueline C. R. De Roo, 2007

The phrase works of the law occurs only in the Dead Sea Scrolls and in Paul but it has a different connotation in each corpus. At Qumran the works of the law are deeds of obedience to God's law and are ultimately inspired by God. They function as a means of atonement whether for the individual who performs them or for the sins of others. For Paul on the other hand the works of the law are quintessentially the works of Abraham. Though they are indeed good deeds, Abraham himself was a sinful man and so his deeds could not make atonement for himself or for others. In fact Paul is reacting against the idea of Abraham as a redeemer figure that was held by some of his contemporaries. The phrase works of the law thus takes on a negative coloration in Paul as a deceptively false means of salvation. Against Qumran Paul's position is that justification must be effected apart from works of the law and thus by Jesus Christ. Abraham is no second Adam as some were thinking and his good deeds epitomized in his sacrifice of Isaac had no atoning value. This closely reasoned study makes an important contribution to the study of New Testament theology; it undertakes to settle some long standing debates about Paul's soteriology by proposing an alternative both to traditional interpretation of Paul and to the New Perspective on Paul.

Elenchus of Biblica, 2005 *Paul's World* Stanley E. Porter, 2008. This volume is concerned with Paul's world. The major question to ask is: what is that world of Paul? In determinable ways Paul's world is everything in the world in which Paul lived and acted and hence virtually everything that Paul did. In other words Paul's world can be defined macrocosmically and microcosmically. As the term is defined in the various essays in this volume, Paul's world includes the surrounding environment in which Paul functioned, including its various religious, social, cultural, literary, rhetorical, linguistic and related phenomena. This volume treats some of the most important and germane factors that went into making up the world in which Paul lived and that consequently defined who he was and became. Paul Stanley E. Porter, 2008. What does it mean to study Paul the Apostle as Jew, Greek and Roman? The framing of the question exposes the fact that the distinctions themselves involve a complex of ethnic, social and cultural designations. Paul is both a complicated individual of the ancient world because he combines in his one personage features of life in each of these cultural, ethnic and even religious areas of the ancient world and one of many people of that world who evidenced such complexity. This volume, *Paul: Jew, Greek and Roman*, explores a number of the important and diverse cultural, ethnic and religious dimensions of the multi-faceted background of Paul the Apostle. Some of the treatments are focused and specific while others range over the broad issues that go to making up the world of the Apostle. *'Servants of Satan', 'false Brothers' and Other Opponents of Paul* Jerry L. Sumney, 1999. This book sets out a method for identifying the opponents in view in Paul's letters and then applies it to the relevant writings of the Pauline corpus. The method limits the use of parallels or prior constructions as a basis for identification; dealing with each letter on an individual basis and taking full account of the historical and social context. Sumney concludes that the Pauline letters address different kinds of opposition in different places, including two distinct anti-Pauline movements. Here is a fundamental study for research into a basic problem of Pauline correspondence. BOOK JACKET Title Summary field provided.

by Blackwell North America Inc All Rights Reserved *Andrews University Seminary Studies* Andrews University.
 Seventh-Day Adventist Theological Seminary,2005 **The Opponents of Paul in Second Corinthians** Dieter Georgi,1986
The Epistle of James and Eschatology Todd C. Penner,1996 The aim of this book is to challenge the common view that the
 epistle of James is a late Hellenistic Wisdom document that has little importance for our understanding of earliest
 Christianity The author undertakes two main projects first an examination of the various assumptions about date setting and
 content that have influenced how the letter of James has been interpreted and second a re reading of the letter that seeks to
 uncover the special character of the epistle by stressing the fusion of its eschatological framework with its ethical instruction
 The literary cultural and social contextualization of James that emerges sheds new light on this often neglected text and its
 place in early Christianity *Studies on 2 Corinthians* Reimund Bieringer,Jan Lambrecht,1994 Peeters 1994 American
Church Review ,1881 **The Edinburgh Review** ,1874 **The Obedience of Faith, the Eschatological People of God,**
and the Purpose of Romans James C. Miller,2000 *The New Interpreter's Bible: Acts, introduction to epistolary*
literature, Romans, 1 Corinthians ,1994 The Anchor Bible Dictionary: D-G ,1992

Decoding **Paul And His Opponents Pauline Studies**: Revealing the Captivating Potential of Verbal Expression
