Read the short passage and answer the questions.

## The Dog and the Shadow

It happened that a Dog had got a piece of meat and was carrying it home in his mouth to eat it in peace. Now on his way home, he had to cross a plank lying across a running brook. As he crossed, he looked down and saw his own shadow reflected in the water beneath. Thinking it was another dog with another piece of meat, he made up his mind to have that also. So he made a snap at the shadow in the water, but as he opened his mouth the piece of meat fell out, dropped into the water and was never seen more.

**International Handbook of Research on Dialogic Education** Neil Mercer, Rupert Wegerif, Louis Major, 2019-09-26 The

Routledge International Handbook of Research on Dialogic Education provides a comprehensive overview of the main ideas and themes that make up the exciting and diverse field of Dialogic Education. With contributions from the world's leading researchers, it describes underpinning theoretical approaches, debates methodologies, evidence of impact, how Dialogic Education relates to different areas of the curriculum, and ways in which work in this field responds to the profound educational challenges of our time. The handbook is divided into seven sections covering: The theory of Dialogic Education; Classroom dialogue; Dialogue, teachers and professional development; Dialogic Education for literacy and language; Dialogic Education and digital technology; Dialogic Education in science and mathematics; Dialogic Education for transformative purposes. Expertly written and researched, the handbook marks the coming of age of Dialogic Education as an important and distinctive area of applied educational research. Featuring chapters from authors working in different educational contexts around the world, the handbook is of international relevance and provides an invaluable resource for researchers and students concerned with the study of educational dialogue and allied areas of socio-cultural research. It will interest students on PhD programmes in Education, Faculties, Master's level courses in Education, and postgraduate teacher training courses. The accounts of results achieved by high impact research projects around the world will also be very valuable for policy makers and practitioners.
