Federal Energy Regulatory Commission Reports United States. Federal Energy Regulatory Commission, 1987

Principles of Taxation for Business and Investment Planning Sally M. Jones, 2001 This title is an approach to the study of taxation It teaches students to recognize the role taxes play in business and investment decisions In addition the book presents the general role of taxation and its implications across all taxpaying entities before discussing the details of specific exceptions This approach allows students to really grasp the fundamental concepts that are the foundation for specific tax rules The benefit is that the students will understand the framework of the tax system even though specific tax regulations change from year to year
