Technology Entrepreneurship Thomas N. Duening, Robert A. Hisrich, Michael A. Lechter, 2009-10-21 Recognizing the unique needs of the technology startup Duening focuses on intellectual property development funding and marketing selling more than other texts in this market Extensive use of technology examples case studies and assignments keeps the book relevant and motivating for engineering students Rich in case studies examples and in chapter elements that focus on the challenges of launching and operating a technology venture In depth examination of intellectual property development valuation deal structuring and equity preservation issues of most relevance to technology start ups Extensive discussion of technology management and continuous innovation as a competitive advantage Addresses the issue of leading managing motivating and compensating technical workers More time on the fundamentals of marketing and selling as these are elements of entrepreneurship commonly most neglected by engineers and scientists Levels of Ambition Alex Pierce, 2026-01-01 Ambition is both a gift and a curse A gift because it can elevate a human being from survival to greatness A curse because it never lets its bearer rest To live with ambition is to live with a fire that refuses to go out Today's culture often praises comfort and convenience as the highest achievements of modern life We are told that happiness is found in safety in stability in the warm embrace of the familiar Yet history has always belonged to the ambitious Civilizations rise on the backs of restless visionaries Revolutions ignite because someone refused to accept the world as it was Every invention that shaped human progress began with the question What if there is more Ambition unsettles the comfortable and comforts the unsettled It is both praised and feared celebrated and condemned Too often ambition is mistaken for greed or vanity In truth it is the universal force that compels growth Levels of Ambition is not another motivational book about thinking big It is a psychological expedition through the hidden stages of human drive Through gripping stories drawn from history science and the modern world Alex Pierce reveals how scarcity comfort and achievement each rewrite the rules of ambition and how most people become trapped long before they ever realize it For more information visit www.CursedWithAmbition.com

 cultural Chernobyl and the tragic kingdom the Euro Disney Resort has been on its own thrill ride since opening in 1992 The
 much publicized version of the Magic Kingdom gave Europeans alcohol free mocktails surly employees even colors too muted
 for the Disney image Facing financial disaster was it any wonder that Disney execs found themselves wishing upon a star for
 answers After so many knee jerk criticisms of Euro Disney this book combines firsthand experience and research to shed new
 light on claims that the park is nothing more than a form of American cultural imperialism Andrew Lainsbury a former Euro
 Disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine
 Europe's love hate relationship with Euro Disneyland and some of the undiscussed issues surrounding it Once Upon an
 American Dream is a story of global capitalism on a grand scale Lainsbury has plumbed company archives and interviewed
 key players to give readers the real view from Le Chateau de la Belle au Bois Dormant Sleeping Beauty's Castle He cracks
 open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result
 of European efforts to import a popular form of American entertainment Lainsbury tells how the Walt Disney Company came
 to build a European park and locate it in France how political negotiations affected its design and development how it was
 promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real
 prince from Saudi Arabia He reveals what it took to win back the hearts of skeptical Europeans such as serving wine selling
 flashy merchandise and placating disgruntled workers Finally he looks into the magic mirror to speculate on the role of Euro
 Disney and the Walt Disney Company in the twenty first century Ultimately Lainsbury shows that cultural imperialism is not

an exclusively American phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic as feared Once Upon an American Dream is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what Euro Disneyland is all about *Business Week* ,1997 *Film Making* ,1980 *NACUBO Business Officer* National Association of College and University Business Officers,1994 **Better Homes and Gardens** ,1999 **Home & Away in Kentucky** ,2004 **The Numismatist** ,1996 Vols 24 52 include the Proceedings of the American Numismatic Association Convention 1911 39 Moody's International Manual ,1996 **The Deal** ,2005-11
