**Unmade in China** Jeremy R. Haft, 2015-07-30 If you look carefully at how things are actually made in China from shirts to toys apple juice to oil rigs you see a reality that contradicts every widely held notion about the world's so called economic powerhouse From the inside looking out China is not a manufacturing juggernaut It's a Lilliputian Nor is it a killer

of American jobs It s a huge job creator Rising China is importing goods from America in such volume that millions of U S jobs are sustained through Chinese trade and investment In Unmade in China entrepreneur and Georgetown University business professor Jeremy Haft lifts the lid on the hidden world of China s intricate supply chains Informed by years of experience building new companies in China Haft s unique insider s view reveals a startling picture of an economy which struggles to make baby formula safely much less a nuclear power plant Using firm level data and recent case studies Unmade in China tells the story of systemic risk in Chinese manufacturing and why this is both really bad and really good news for America

**Re-Imagining the Avant-Garde** Matthew Butcher,Luke C. Pearson,2019-08-05 The 1960s and 1970s avant garde has been likened to an architectural Big Bang such was the intensity of energy and ambition in which it exploded into the postwar world Marked out by architectural projects that redefined the discipline it remains just as influential today References to the likes of Archizoom Peter Eisenman John Hejduk and Superstudio abound Highly diverse the avant garde cannot be defined as a single strand or tendency It was divergent geographically reaching from Europe to North America and Japan and in its political formal and cultural preoccupations It was unified though as a critical and experimental force critiquing contemporary society against the backdrop of extreme social and political upheaval the Paris riots of May 1968 the anti Vietnam war movement in America and the looming ecological crisis Re imagining the Avant garde outlines how in contemporary architectural practice avant garde projects retain their power as historical precedents as barometers of a particular design ethos as critiques of society and instigators of new formal techniques Given the far reaching impact of the subsequent digital revolution which has since reshaped every aspect of practice the issue asks why this historical period continues to retain its undeniable grip on current architecture Contributors Pablo Bronstein and Sam Jacob Sarah Deyong Stylianios Gimarelos Damjan Jovanovic Andrew Kovacs Perry Kulper Igor Marjanovic William Menking Michael Sorkin Neil Spiller and Mimi Zeiger Featured architects Archizoom Andrea Branzi Jimenez Lai Luis Miguel Koldo Lus Arana Klaus NEMESTUDIO Superstudio and UrbanLab
