Gender Violence, Social Media, and Online Environments Lisa M. Cuklanz, 2022-12-30 This book examines contexts practices and activism on issues of gender violence at the intersections of online and public spaces Through individual case studies the volume considers the interplay between the virtual worlds of online spaces including social media physical spaces and bodies and the ways in which offline and online dimensions of experience can serve as motivators for extensions of or limitations to each other Examining both problems and potential solutions chapters explore the impacts of and potential resistance to the intersections of gender violence social media and our complex lived environments across national boundaries Throughout the volume close attention is paid to the difficult issues highlighted when prior conceptions of basic foundations such as public space individual rights and professional responsibility are confronted by new examples

that further trouble the boundaries of long held frameworks of legal social professional understanding and even our comprehension of the real Each chapter grapples with a difficult reality related to gender violence underscores possible ways forward and highlights limitations resisting easy answers to complex and persistent questions about rights personal integrity and social responsibility Offering clear insights into a critical issue this book will be of interest to scholars and students in the areas of media studies social media gender and women s studies sociology and criminology digital humanities and politics

International Medical Graduates in the United States Hassaan Tohid,Howard Maibach,2021-01-04 Thousands of international medical graduates come to the United States to start their career as physicians Many of them however are not aware of the challenges and problems that they may encounter along the way These difficulties can range from the language and cultural barriers to a lack of confidence and self esteem Many students are also unaware of the other career options besides getting into a clinical residency program As a result of these issues a great number of foreign medical students remain unmatched into the National Resident Matching Program Not matching can be devastating for these graduates both financially and medically Students often suffer from psychological effects like major depression and generalized anxiety disorder This book outlines the potential problems faced by these graduates and their possible solutions Each chapter collects research evidence interviews and surveys to gather information to work on each possible problem one by one and describes a solution in great detail Comprised of thirty chapters each chapter is broken down into smaller sub sections to investigate the main theme in depth Issues addressed include the different types of international medical graduates and their lives in the United States differences in the education system and healthcare system the triangle of residency language and cultural barriers lack of professional contacts confidence self image and self esteem issues and restriction to specific fields and career paths Written by experts in the field International Medical Graduates in the United States is a first of its kind text that addresses the biggest issues faced by foreign medical graduates in today s world
