Ophthalmology Superbill:

Clinical Guide to Comprehensive Ophthalmology David A. Lee, Eve J. Higginbotham, 1999 To keep pace in today's competitive environment comprehensive ophthalmologists must broaden the scope of their practice while still offering the highest standard of care in a time pressured setting This authoritative new text in a clear a user friendly format provides the wide coverage and quick access demanded in day to day practice The book's practical patient oriented approach gives pointers for carrying out an examination and determining diagnosis and treatment strategies To enable quick access to needed information the text begins with the patient's presenting signs and symptoms and progresses to in depth coverage of individual clinical disorders All are arranged by anatomical and functional systems This is the ideal choice for practitioners and residents who need an authoritative and practical resource for quick everyday reference John Pinto's Little Green Book of Ophthalmology John B. Pinto, 2024-06-01 The classic reference text for surgeons and managers alike that has been improving ophthalmic practices for decades John Pinto's Little Green Book of Ophthalmology Strategies Tips and Pearls to Help You Grow and Manage a Practice of Distinction Sixth Edition has been updated into a new edition Author John B Pinto a world renowned expert on the business of ophthalmic practice has brought his decades of expertise to bear in this comprehensive guide to practice management Inside Pinto covers everything from the basics of business planning to esoteric and complex topics unique to ophthalmology Topics include Strategic business planning Leadership governance and discipline Finance accounting and patient accounts management Staff evaluation training and supervision Marketing and development Managing physicians Operations enhancement Facility design and management Improving an optical dispensary This Sixth Edition features updates and edits throughout the book as well as 9 new appendices covering the latest trends and advice in ophthalmic administration It is also designed in a flexible format allowing readers to read it straight through or just hunt down advice on the focused problems facing their practice As the business of ophthalmology continues to change the proven guidance of John Pinto's Little Green Book of Ophthalmology Sixth Edition will help any practice adapt and thrive *Compliance Issues in Ophthalmology* Alan E. Reider, 2002 Compliance Issues in Ophthalmology deals with a topic becoming more prevalent in the vocabulary of health care regulation compliance As federal and state governments have increased their enforcement activity it has become important for providers of health care to protect themselves from allegations of fraud and abuse Physicians must first understand the applicable rules and regulations to ensure they are acting in accordance with them The extensive experience accumulated by these contributors has enabled them to create the first publication aimed at identifying compliance issues in ophthalmic practice Common coding risk management and legal issues pertinent to the field of ophthalmology are covered inside this unique text Identification of these issues is the first step to avoiding the massive expense that may be incurred when a physician or provider is forced to defend his or her conduct Compliance Issues in Ophthalmology is the first text to present these issues in a understandable format clarifying to

practitioners the often cloudy issues surrounding proper business conduct **The Next Step: Advanced Medical Coding and Auditing, 2016 Edition** Carol J.
