Florida is touted as a carefree paradise yet it s also known for its perils alligators sinkholes pythons hurricanes and sharks to name a few It attracts 90 million visitors a year some drawn by its impressive natural beauty others bewitched by its manmade fantasies Oh Florida explores those contradictions and shows how they fit together to make this the most interesting state It is the first book to explore the reasons why Florida is so wild and weird and why that s okay Florida couldn t be Florida without that sense of the unpredictable unexpected and unusual lurking behind every palm tree But there is far more to Florida than its sideshow freakiness Oh Florida explains how Florida secretly subtly influences all the other states in the Union both for good and for ill *County and City Data Book* United States.
