From building awareness and managing expectations to life repurposing and fostering relationships to adopting the latest anti ageing and longevity biohacks this book delivers a practical actionable and wide ranging response to the common calamity that is midlife crisis. In these pages Nguyen first describes turmoil typical of each decade of life detailing how COVID took the crisis out of midlife and made it a transgenerational pandemic. Suddenly adults of all ages had the time and space to ponder their options and realize their need to adapt and evolve by discovering new routes to purpose and fulfillment. Following crisis Nguyen then explores the mindsets and plots out the circuitous paths that can lead to emotional well being and social connectivity. In the last section he takes a science based literal approach to survival itself. He explores the process of ageing shedding light on this DNA centered phenomenon and unveiling the workarounds to its relentless progression. In this era of discovery the quest for eternal life and the science to make it feasible seem on the cusp of converging. Weaving together fields as disparate as physics and philosophy economics and religion Nguyen writes an evidence based manual that spins quite the socio scientific yarn mapping out a course for personal discovery and life changing transformations.
