Passenger Liners French Style William H. Miller, 2001 Famous French liners from WWII to the present day Normandy Ile de France Liberte Pastuer etc **The Fabulous Interiors of the Great Ocean Liners in Historic Photographs** William H., Jr. Miller, 2013-07-24 200 superb photographs capture exquisite interiors of world's great floating palaces 1890s to 1980s Titanic Ile de France Queen Elizabeth United States Europa more **Ocean Liners** Anthony Burton, 2024-07-30 There has always been a romance around ocean liners but this book looks behind the romance to show the reality of travelling the oceans of the world The book starts with the first scheduled transatlantic crossings in the age of sail then moves on through the development of the steamers and ends in the present day when ocean liners have given way to airliners All aspects of the subject are discussed The experience of travelling by sea varied enormously from the luxury of first class travel to the often brutal conditions endured by immigrants Ship design developed in the race between competing companies to provide the most powerful ships But while technology came into the fundamental design when it came to decor for many of the great liners the interiors looked back with a romanticised view of the past It is not always realised that a great liner might have almost as many crew as passengers and this looks at all those who kept the ships running from the black gang in the engine room to the captain on the bridge The result is a rounded view of what it meant to travel on some of the greatest ships ever built *Famous Ocean Liners* William H. Miller, 1987 History of 20th century passenger ships including the Titanic the Lusitania the Mauretania Normandie and the United States **Doomed Ships** William H., Jr. Miller, 2012-06-29 Nearly 200 photographs many from private collections highlight tales of some of the vessels whose pleasure cruises ended in catastrophe the Morro Castle Normandie Andrea Doria Europa and many others *The Golden Age of Ocean Liners* Lee Server, 1996 The golden age of ocean liners tells the remarkable story of the international competition to build the world's fastest largest and most luxurious ships and captures in 97 vivid illustrations the glamour of this extraordinary era Cover **Ocean Liners** Bill Miller, 1990-04 Ontstaan en ontwikkeling van de transatlantische lijndiensten met een beschrijving van enkele beroemde schepen *Ocean Liners* Peter Newall, 2018-01-30 A truly comprehensive publication running the gamut from the first Atlantic sail enhanced steamers to today's remaining handful of combi liners Maritime Matters Before the advent of the jet age ocean liners were the principal means of transport around the globe and carried migrants and business people soldiers and administrators families and lone travelers to every corner of the world Though the ocean liner was born on the North Atlantic it soon spread to all the other oceans and in this new book the author addresses this huge global story The account begins with Brunel's Great Eastern and the early Cunarders but with the rise in nationalism and the growth in empires in the latter part of the 19th century and the opening of the Suez Canal in 1869 the colonial powers of Spain France and Germany soon established shipping lines of their own and transpacific routes were opened up by Japanese and American lines The golden age between the two world wars witnessed huge growth in liner

traffic to Africa Australia and New Zealand India and the Far East the French colonies and the Dutch East and West Indies but then though there was a postwar revival the breakup of empires and the arrival of mass air travel brought about the swan song of the liner Employing more than 250 stunning photographs the author describes not just the ships and routes but interweaves the technical and design developments covering engines electric light navigation and safety and accommodation A truly unique and evocative book for merchant ship enthusiasts and historians **Picture History of British Ocean Liners, 1900 to the Present** William H. Miller, 2001-01-01 This fascinating text and picture tribute documents both interiors and exteriors of majestic British ships such as the Viceroy of India the Orion Queen Mary Queen Elizabeth Windsor Castle Pacific Princess Royal Princess Crown Princess and Aurora Over 200 rare black and white illustrations provide views of the ships at sea and in port **Ships Monthly** ,2005 *The First Great Ocean Liners in Photographs* William H. Miller, 1984 193 black and white photographs covering the years from 1897 1927 **Passenger Liners** Laurence Dunn, 1961 Book providing invaluable reference information about various passenger liners of various nations *Sea Breezes* ,2006 **Great Cruise Ships and Ocean Liners from 1954 to 1986** William H. Miller, 1988 This pictorial record describes the last great years of transatlantic travel up to the rise of cruise ships [Fifty Famous Liners](#) Frank Osborn Braynard, William H. Miller, 1982 *Ocean Liner Postcards in Marine Art, 1900-1945* Robert Wall, 1998 The cards provide an enduring record of the great age of intercontinental travel by sea This book gives a fascinating picture of a more leisured age before the advent of the jet airliner **White Wings: Founding of the provinces & old-time shipping; Passenger ships from 1840-1885** Sir Henry Brett, 1928 **Steamboat Bill** ,2003 *The Liner* Philip Dawson, 2007 This stylishly designed book tells the fascinating story of the greatness and glamour of the ocean liner For the first time in paperback the history of these vessels is recounted with full exploration into their design construction and development along with a social history of those who worked and travelled on them The well known perennial favourites such as Mauretania Olympic Titanic Bremen Europa and the Cunard Queens are looked at in a fresh light in the context of emerging and changing lifestyles The book also offers detailed information on some of the lesser known but significant ships such as l Atlantique Empress of Britain and Cap Arcona The story is brought full circle with a discussion of the liner s increasing influence on cruise ship design and the Queen Mary 2 which initiated a new liner era for the twenty first century **Inland Architect and Builder** ,1897
