Robert Manne, 2001-04-01 In this national bestseller Robert Manne attacks the right wing campaign against the Bringing them home report that revealed how thousands of Aboriginal children had been taken from their parents What was the role of Paddy McGuinness as editor of Quadrant How reliable was the evidence that led newspaper columnists from Piers Akerman in the Sydney Daily Telegraph to Andrew Bolt in the Melbourne Herald Sun to deny the gravity of the injustice done In a powerful indictment of past government policies towards the indigenous Australians Robert Manne has written a brilliant polemical essay which doubles as a succinct history of how indigenous Australians were mistreated and an exposure of the ignorance of those who want to deny that history In complex intellectual conflicts there will always be argument about whether the antagonists are committed to finding the truth or to winning the battle This essay tells us that Robert Manne is intent on finding the truth Morag Fraser editor Eureka Street In Denial is a work of both the head and the heart It is carefully researched and powerfully expressed It needs to be widely read The Hon P J Keating former Prime Minister of Australia

**Political Socialisation, Participation, and Education** Heinz Sünker, Russell

Francis Farnen, 2003 Given the catastrophic history of the short 20th century Hobsbawm the crucial question facing the new millennium all over the world is that of the future social as well as political development At the centre of our engagement with this question should lie reflections on participatory forms of democratisation in as many societies around the globe as possible so as to make globalisation more than simply an economic theme Such reflections as the contributions in this book show from this perspective would also examine the possible ways in which relations might be constituted within political socialisation participation and education These concepts are in turn to be explored in the substantive discussions of democracy and democratisation in relation to individuals as well as political systems If educational policy is social policy if a democratic society demands citizens who are educated and thus capable of political action the themes Political Education and Political Socialisation need to be addressed anew and this is equally important for a rethinking of the future of the political more generally The contributions to the book contribute to a challenging debate
