**iOS 8 for Programmers** Paul Deitel,Harvey M. Deitel,Abbey Deitel,2014-12-15

The professional programmer's Deitel guide to iPhone and iPad app development using iOS 8 Swift™ Xcode 6 and Cocoa Touch. This book presents leading edge computing technologies for professional software developers. At the heart of the book is the Deitel app driven approach, a variant of Deitel's live code approach: concepts are presented in the context of complete working iOS apps rather than using code snippets. The introduction and app test drives at the beginning of each chapter show one or more sample executions. The book's source code is available at [www.deitel.com/books/iOS8FP1](http://www.deitel.com/books/iOS8FP1). You'll quickly learn everything you need to start building iOS 8 apps beginning with a test drive of the Tip Calculator app in Chapter 1, then building your first apps in Chapter 2 with visual programming and in Chapter 3 with Swift. By the time you reach Chapter 9, you'll be ready to create your own apps for submission to the App Store. We'll overview the submission process, including uploading your apps, deciding whether to sell your apps or offer them for free, and marketing them using in-app advertising, social media, Internet public relations and more.

*Competence! Show Performance & Skills* Simone Janson, 2025-11-17

Also in the 8th revised and improved edition published by a government funded publisher involved in EU programs and a partner of the Federal Ministry of Education, you receive the concentrated expertise of renowned experts overview in the book preview embedded in an integrated knowledge system with premium content and 75% advantage. At the same time you do good and support sustainable projects. Because whoever wants to rise in companies and make a career nowadays must quickly realize: Performance alone is not enough. At the latest when that colleague of all people who always attracts attention in meetings by speaking out of turn passes them by for promotion this becomes clear even to the most diligent worker bees from the broom closet office. In fact it is essential for one's career to always put oneself in the right light and make one's achievements visible. But visibility alone is not enough. How do you convince superiors of your own qualities and abilities? How do you communicate your career ambitions correctly? How do you manage your colleagues who have been your equals up to now? And how do you deal with the competitive situation in your own team? This book shows the best ways to make it work with the promotion and gives many practical tips for career ambitioned people. Good luck and have fun reading! Knowledge that makes a difference. With its Information on Demand concept the publisher was not only involved in an EU funded program but also received several awards.
