Europe, bike and jussi Jussi Saarikoski, 2021-02-08 Feedback from readers Jussi has an interesting approach to things. The book absorbs from the first page and holds in its grip exciting experiences, live narration as if it were itself involved in the adventures of a courageous Finn. At the beginning of each chapter is a map that keeps the reader well involved in the meeting places. Incredibly exciting, surprising events, a sense of experimentation and risk taking create the main content of the book. The personnel gallery is extensive. Meet interesting different people camping and living in the woods, personnel situation descriptions and humor make the book interesting and unique. The spoken language of the book creates authenticity in the events. An important contribution of the book is to remind people of their solidarity and willingness to help. The book is a description of trust and also threat, courage and tolerance for discomfort. The whole book is a fully packed activity, there is little time to breathe in between. Only photographs give room for concise text. I enjoy the smooth, colorful narration of the book. I like Jussi's style, relaxing reading, captivating story telling. I highly recommend the book to seniors as well as to mention young people. I look forward to the publication of the following Jussi's books.
