## Smart Home World Series 2025:

Tech-Enabled Urbanism and Entrepreneurship for Inclusive Cities Vikas Chand Sharma,Pankaj Kumar Tyagi,George Redhead,Iasef Md Rian,Anurag Varma,2026-02-03 This book reframes smart city development by moving beyond efficiency driven models to prioritize equity inclusion and democratic participation It examines how digital technologies AI IoT and participatory platforms can serve as catalysts for social justice and entrepreneurial innovation when designed with communities at their core The volume challenges prevailing paradigms that emphasize data driven control and infrastructural speed over access representation and human well being By positioning technological advancement entrepreneurial practice and social inclusion as mutually reinforcing imperatives the book offers actionable pathways toward cities that are not only smart but also socially just and human centered 2025 Joseph Francis Coates,John B. Mahaffie,Andy Hines,1996 Tapping the worlds of science and technology this penetrating look at the years ahead paints a fascinating picture you re sure to enjoy Looking backward from the year 2025 fifteen scenarios reflect a well focused view of what life will be like in the United States as well as other societies both affluent and less prosperous Internet of Things A to Z Qusay F. Hassan,2018-06-13 A comprehensive overview of the Internet of Things core concepts technologies and applications Internet of Things A to Z offers a holistic approach to the Internet of Things IoT model The Internet of Things refers to uniquely identifiable objects and their virtual representations in an Internet like structure Recently there has been a rapid growth in research on IoT communications and networks that confirms the scalability and broad reach of the core concepts With contributions from a panel of international experts the text offers insight into the ideas technologies and applications of this subject The authors discuss recent developments in the field and the most current and emerging trends in IoT In addition the text is filled with examples of innovative applications and real world case studies Internet of Things A to Z fills the need for an up to date volume on the topic This important book Covers in great detail the core concepts enabling technologies and implications of the Internet of Things Addresses the business social and legal aspects of the Internet of Things Explores the critical topic of security and privacy challenges for both individuals and organizations Includes a discussion of advanced topics such as the need for standards and interoperability Contains contributions from an international group of experts in academia industry and research Written for ICT researchers industry professionals and lifetime IT learners as well as academics and students Internet of Things A to Z provides a much needed and comprehensive resource to this burgeoning field *Popular Mechanics* ,2005-05 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle Popular Mechanics ,2005-05 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the
