*Power to the Players* Rob Smat,2023-11-21 Prepare yourself for the ultimate expos of the retail trading revolution The sea shanties YOLOs and red bandanas were just the beginning Did you know Robinhood didn t actually initiate the infamous trading halt Or why Redditors refer to 2021 as the sneeze rather than the squeeze And what if I told you that some shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and discover why GameStop was only the beginning of an even more unprecedeted retail contagion one that will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit s blade was in fact poisoned In a digital world where information is frequently deleted revised and buried accurately piecing together events is nearly impossible While other authors and journalists have understandably struggled Rob Smat offers a clear and unfiltered account having witnessed every twist of the GameStop phenomenon firsthand Power to the Players is as much an unabridged history of the GameStop sneeze as it is a roadmap of how retail traders regrouped when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were merely a nuisance to the status quo Now they re poised to upend it completely

Stewardship and Sustainability Iris H-Y Chiu, Hans-Christoph Hirt, 2023-02-09 This book brings together thought leadership from academia and leading figures in asset management in key global jurisdictions to pool together insights regarding the transformative visions and challenges for modern investment management as well as best practices that realise the policy objectives in regulation and soft law. The world of investment management is being challenged by new legal regulatory and soft law developments to demonstrate that their practices cohere with the long term needs of the saving population as well as public interest needs in financing global sustainability and social development. The chapters in this book uniquely bring together the views of academia and practice on the key developments that can transform the law and practice of investment management including the EU's new sustainable finance reform package the UK Stewardship Code 2020 and developments in the US regarding the fit between fiduciary law for investment management and modern sustainability concerns. The book brings together the best of both worlds critical thoughtful perspectives from academia and qualitative insight from the investment management industry. It will be of interest to researchers in law investment management business and management practitioners in the investment management industry and their legal advisers and policy makers in the EU UK and beyond who are grappling with the appropriate governance paradigms for bringing about more sustainable outcomes globally.
