Language and Culture in Persian Paul Sprachman, 2002. This book is a full course in Persian Lite. It offers sophisticated insights into the language without requiring months of laborious study. The book will interest both general readers and language specialists, especially autodidacts who want to learn about the languages and cultures of the modern Middle East and Central Asia but do not have time for formal language instruction. The type of language and culture awareness the book promotes not only helps one understand the way millions of people communicate in Afghanistan, Iran, Pakistan and Tajikistan but it also fosters an awareness of basic features of Arabic, Hindi, Kashmiri, Pashto and other languages that have either contributed to the development of modern Persian or have been influenced by it. **Interpersonal Communication** Sarah

Trenholm, Arthur Jensen, 2000. E. Gorman, Peter Robert Clayton, Mary Lynn Rice-Lively, Lyn Gorman, 1997. This is an integrated manual on how to conduct qualitative research. Its coverage includes all aspects of the field from conception to completion and all areas from multisite studies to data organization. Sommer, 2006. This book examines the interface between language and kinship in the Australian Aboriginal language Kunjen which is spoken in the Cape York region of northern Queensland. The author shows that kinship relations play a major role in determining the kinds of linguistic interactions that are appropriate for different groups of individuals. The social meaning of utterances depends more than anything else on kinship and one's kin relations with those one communicates with. The rules of interpretation used by Kunjen speakers to mediate kinship and language are as complex and as pervasive as the grammatical rules of the language itself and help to reveal aspects of linguistic structure that might not otherwise be obvious.

Conversely kinship structures can be illuminated if not revealed by the study of language use *Ethnographic Eyes* Carolyn Frank, 1999 Ethnographic Eyes extends ethnography beyond the work of university researchers and proves what an accessible and instructive observation tool it can be for inservice and preservice teachers **The Discourse System of American Lesbians and Gays** Anita Carolyn Liang, 1998
