Pattern Magic Tomoko Nakamichi, 2012 **Pattern Magic 2** Tomoko Nakamichi, 2023-01-25 *Pattern Magic 2* is the follow up to the best selling *Pattern Magic*. This series takes the cult pattern cutting text from Japan and gives the reader an easy to follow guide to creating stunning sculptural garments with a couture feel. Inspiring and exciting, this volume takes a creative approach to pattern cutting with more step by step projects for fashion designers and dressmakers to enjoy. This book looks at creating interesting surfaces, optical illusions and curved shapes through pattern cutting. All the basic information you need to start pattern cutting is included from the basic block to measurements and scaling. Each project is beautifully illustrated with clear diagrams and photographs showing the stages of construction: the muslins, toiles and the finished garments. The 200 illustrations and detailed instructions make it easy to create stunning sculptural clothes. Review for *Pattern Magic 2*: A super useful thing I found in these books is that EACH of the projects shown has its own tutorial with text, measurements and step by step images that show you how to create the paper pattern. This allows you to learn new sewing techniques. Imaginativebloom.com
