

A vibrant, colorful Roblox cityscape. In the foreground, there's a large, modern house with a red roof and blue doors. A palm tree stands in front of it. To the right, a large, ornate castle with multiple towers and spires in various colors (yellow, pink, blue) rises against a clear blue sky. The city is filled with other colorful buildings, palm trees, and a large swimming pool on the right side.

**New Trends in Disruptive Technologies, Tech Ethics, and Artificial Intelligence** Daniel H. de la Iglesia, Juan F. de Paz Santana, Alfonso J. López Rivero, 2024-08-12 This book uniquely explores the intersection of artificial intelligence, big data, the Internet of Things, and bioinformatics, emphasizing the necessity for a revised ethical framework. It discovers groundbreaking insights into the ethical dimensions of emerging technologies with this comprehensive guide. It highlights the latest scientific and technical advancements addressing their social impacts and legal challenges. Ideal for academics, industry professionals, and multidisciplinary researchers, this book offers invaluable perspectives on the ethical development of disruptive technologies and uses it to stay ahead in the evolving field of tech ethics, ensuring responsible innovation in diverse areas such as climate change, politics, economy, and security.

**Metaverse Innovation** Nazrul Islam, Iwa Salami, 2025-10-28 The Metaverse can be defined as an immersive 3D simulated digital environment that deploys technologies like augmented reality, virtual reality, blockchain, and artificial intelligence to imitate the real world and allow people to conduct daily activities through digital versions of themselves (avatars). The opportunities brought by the metaverse for the economy and the society are wide in scope, from business models to equitable education possibilities. This prompts regulators and policymakers around the world to assess the crucial legal and regulatory issues that arise in the process of metaverse development. This book offers a comprehensive understanding of metaverse innovation from technological, financial, and legal perspectives. It offers the basics of the metaverse such as its enabling technologies, main characteristics, and the global trends that shape its development. It also reviews the positive and negative impact of the metaverse on different sectors of the economy as well as the implications for policy and law.

**Fashion Marketing** Laura Costin, Liz Barnes, 2025-07-04 This book offers a comprehensive overview of key topics, debates, and issues in the field of fashion marketing. The purpose of fashion marketing is to understand the needs of consumers and to orientate both strategic and operational activities to satisfy those needs. In recent times, fashion marketing has faced an era of fast-paced change, characterised by the rise of fashion influencers, the impact of technology, and the complexity of consumer needs, which has never been so great. As such, there is a need to examine the concept of fashion marketing in this contemporary setting. Featuring a range of contributions from international experts in the field, the book is split into sections broadly covering fashion marketing as a concept, internationalization, digital fashion marketing, and contemporary thinking. In doing so, it covers topics such as fashion, social media, luxury fashion, marketing, fashion marketing, and the pandemic, sustainability, AI, and omnichannel fashion retail. A definitive resource for students, researchers, and practitioners, this book offers a truly contemporary lens that pushes the boundaries of current and future thinking.

**The AI Metaverse Revolution** Jeetesh Kumar, Manpreet Arora, 2025-06-06 This work offers readers a roadmap for navigating this technological revolution, positioning AI and the Metaverse as essential components of future-proof business strategy.

**Music in Esports** Eulalia Febrer-Coll, 2025-07-21 This book invites the reader to expand their idea

of esports as an independent niche and consider it an integral part of a growing multi and transmedia ecosystem that includes the global entertainment industry where music plays an essential role. The music present in and around esports games is an integral part of how they are communicated and mediated and as such holds a central role in binding their narratives cohesively and coherently to appeal to their audiences. Popular music theory is placed at the foundation of the issues raised in the chapters as it is taken as a cornerstone for linking the esports international scene with the music industry. This text uses specific case studies from popular esports to support and illustrate each chapter including League of Legends, Counter Strike and Fortnite. This book will be of great interest to researchers and students in the fields of esports game design and development, musicology and media studies. *Gaming and Extremism* Linda Schlegel, Rachel Kowert, 2024-03-21. Charting the increase in the use of games for the dissemination of extremist propaganda, radicalization, recruitment and mobilization, this book examines the gamification of extremism. Editors Linda Schlegel and Rachel Kowert bring together a range of insights from world leading experts in the field to provide the first comprehensive overview of gaming and extremism. The potential nexus between gaming and extremism has become a key area of concern for researchers, policymakers and practitioners seeking to prevent and counter radicalization and this book offers insights into key trends and debates, future directions and potential prevention efforts. This includes the exploration of how games and game adjacent spaces such as Discord, Twitch, Steam and DLive are being leveraged by extremists for the purposes of radicalization, recruitment and mobilization. Additionally, the book presents the latest counterterrorism techniques, surveys promising preventing counteracting violent extremism, P CVE measures currently being utilized in the gaming sphere and examines the ongoing challenges, controversies and current gaps in knowledge in the field. This text will be of interest to students and scholars of gaming and gaming culture as well as an essential resource for researchers and practitioners working in prevention and counter extremism professionals working at gaming related tech companies and policymakers.
